## **5. REPORT ON PROJECTEXPO-2K24**

**(15<sup>th</sup>, 16<sup>th</sup> and 17<sup>th</sup> February 02024)**

The Institution's Innovation Council and the Department of Computer Science and Engineering has organized three – day Project Expo 2024 from 15<sup>th</sup>, 16<sup>th</sup> and 17<sup>th</sup> February 02024 for the B.tech(C.S.E.) second, third and fourth year students and also for Diploma CM ( Computer Engineering) III Year Students at MAIN Seminar Hall III Floor. Projects are developed on innovative ideas and it has attracted many student visitors to the Project EXPO2k24.

The major objective of organizing this exhibition was to provide the platform and unleash the potential of the students by showcasing their innovative projects developed in the final Year either focusing Industry Defined Problems or User Defined Problems and provide an opportunity for the students to demonstrate their learning experience.

The Projects were developed using Latest Technologies Blockchain Technologies, Artificial intelligence, Machine learning, reinforcement learning, Deep learning, Statistical analysis, sentiment analysis, Data analytics'

The outcome of the PROJECT EXPO 2k24 was that students could successfully complete their projects on their own and were able to show their project at an extraordinary level and this process boosted their confidence.

**Among fourth year students, the department have received 50 projects inwhich 25 projects have been short listed for Project Expo 2K24.**

**The event witnessed enthusiastic participation from students and faculty members, who formed interdisciplinary teams to tackle a variety of challenges. Over the course of three days, participants collaborated, ideated, and prototyped innovative solutions, leveraging their technical skills and creative ingenuity. The outcomes of the event were both tangible and intangible. On one hand, several innovative prototypes and solutions emerged, showcasing the potential of interdisciplinary collaboration and design thinking in addressing complex problems. On the other hand, participants developed invaluable skills in teamwork, problem-solving, and effective communication, which are essential for success in today's dynamic and competitive landscape. Moreover, the event served as a platform for networking and knowledge exchange,**

In conclusion, Project Expo was a resounding success, thanks to the collaborative efforts of the organizing committee, the engaging presentation by Dr. S Padmaja, and the enthusiastic participation of the attendees. By empowering students and faculty members to unleash their creative potential, the event laid the groundwork for future breakthroughs and advancements in the field of computer science and engineering. Thanks to principal madam and management for giving this opportunity.
