Nothing

Teaching

Good teaching

Nothing to change follow as it is

Everything is good

No need everything is good

Nothing much

Teachers has to explain the subjects individually to the students if they didn't understand

- 1) a mic would be good
- 2) more materials
- 3)loads of examples

..

More focused on practical knowledge

Engagement with students, encourage them ,get more activities to built confidence.

.....

Don't show partiality,show some interest in average students

Correct subjective teachers

No Suggestion Is Given To Them They Are Very Good In Teaching..

- 1.Quick assignments which shot time
- 2.Hands on labo work to test using new materials
- 3.Encourage students to to have better industry interphase

Communication must improve (better to communicate in English)
Our department is good. They support us but they don't takes us seriously.

I want our department lecturers to be as our hod sir. The way he communicate with students and listen to the problems we are facing and guides us.

Excellent

Use of multimedia

Sports equipment required

Conduct workshops, conduct remedial classes

Make teaching a two way interaction

Lab facility

Nice

1: for technology integration .

Development of proper interaction with students

Teaching with the help of ppts and practical visualization of the explanations

Encourage teamwork and group activities

Thank you

Should improve teaching ,

Be

Conduct skill development programmes

1.Teachers encourages me to participate extra curricular activities
2.teachers are able to identify our weeknes and helps better

Conduct remidial classes, conduct workshops, conduct skill development programmes

Conduct remidial classes, quick assignments, conduct workshops

Communication

Satisfactory

Nice I am good with facilities

More interactive teaching with help of projectors

More interactive teaching by using live projectors
More practical knowledge by visiting industries and field trips...

Encouraging the students and providing a route for their start-up ideas and tell them how to improve and not to work 9-5

Teach practically

Practical teaching

Improve teaching

Improve teaching

Teaching is better but they should go slowly while teaching for the better understanding purpose

Encourage the talents of students but don't see credits of students...there are different talents in different students...

Important topics which belong to Solid Mechanics and Thermodynamics subjects, I need the explanation in a practical way by showing in 3D pictures...
Thank you 🙏

Feedback
Asking questions

Teachers are all ways encourage me and teachers finding the our weakness

Faculty was very good in MIST

Very nice teaching

Communication skills

Usage of technology in the field of teaching can be improved technical education cam br improved with hands on experiments

Well

—

1. Use of technology in the classroom
2. creat group work and team activities
3. assessing and evaluating teaching quality

Need more technical knowledge and improvement in education

Improve the strength of the students

Give the teachers subject not by their experience in that give it by their knowledge on that subject

Good teaching
Good application
Good practicals

Use better graphics and visual media to engage students well

Only thing is that there is no core jobs for aeronautical department

Interaction with students.
Explain practically than on black board.
Be friendly with students.

Field visit opportunity
Skill building
Creative teaching

There's no sports equipment and because of that we can't utilize our sports hour. So, having some for each branch would be better.

Need more facilities

Try to reach every student and ask for their doubts

Keep it up

Its the problem from the both sides, Teaching nd Learning.
But! The major participation must be from the students side....that's Learning....
So, I request that management takes a great initiative to motivate students to focus .
Which consecutively brings up a positive attitude among ourselves.

Implement the interactive teaching methods, encourage the real world application

Some faculty should not complete the entire syllabus in class works

Identify the Student strength
Hope to be friendly nature between faculty nd students
Most of students don't aware of interships nd placements, so be aware of that...

Everything is good

Skill building

They are actually very good in teaching

Teaching is perfect

1.Utilize Interactive Teaching Methods

2.Implement Technology Integration

3.Encourage Regular Feedback Mechanisms

Nothing all are good

Ntg

Moderate

1. They should interact students individually to know their lacking. 2. Classes should be taught in both physically and virtually (using projector). 3. Individual subject topic explanation should made done by student every fortnight basis.
