Pre-Placement Training (PPT)

Mahaveer's group of institutions wants to set a high standard by getting as many of its students as possible to work for multinational companies. To do this, pre-placement training began for second-year students from 09.10.2023 to 14.10.2023 and will prepare them for the selection process challenges, including tests of their aptitude and soft skills. There would be 48 hours of training, with 24 hours on soft skills and 24 hours on aptitude. For each session, each student would be given a handout.

All heads of departments must keep a close eye on how the classes are run and require that 95% of the students show up for the training portion. Each HOD should give the Principal a daily report on their classes' attendance and feedback.

Pre-Placement Training (PPT)

Mahaveer's group of institutions wants to set a high standard by getting as many of its students as possible to work for multinational companies. To do this, pre-placement training began for second-year students from 09.10.2023 to 14.10.2023 and will prepare them for the selection process challenges, including tests of their aptitude and soft skills. There would be 48 hours of training, with 24 hours on soft skills and 24 hours on aptitude. For each session, each student would be given a handout.

All heads of departments must keep a close eye on how the classes are run and require that 95% of the students show up for the training portion. Each HOD should give the Principal a daily report on their classes' attendance and feedback.
