Cloud Computing is Potentially establishes in its own way in IT Infrastructure. Cloud Computing brings a glassy of productivity and Economy in fulfilling the IT enabled resources. On Demand. Focusing on concepts and principles, rather than commercial offerings by cloud providers and vendors, Understanding Cloud Computing Book gives readers a complete basics, advantages and growth of cloud computing, cloud infrastructure, virtualization, automation and orchestration, and cloud-native software design. This text book is suitable for a one-semester course for B.Tech CSE and IT students who want to understand cloud, and for IT managers moving an organization's computing to the cloud.

Dr. A. Nanda Gopal Reddy

Dr. A. Nanda Gopal Reddy received his BE in Computer Science and Engineering from the Madras University. He has done his MS in CSE/Image Processing from the Manipal University in 2005. He received his PhD (CSE) in Cloud Computing from Manipal University, Jaipur in 2019.

He has 17 years of varied experience in the software industries and academics. He had worked in multinationals like GE Healthcare and PIONEER Technologies Pune. He joined in the Department of CSE at the MIST in the year 2008 as an Associate Professor. His areas of specializations are image processing, cloud computing, machine learning and artificial intelligence. He published various papers on Image Processing and Cloud Computing in various Top rated international journals and he is the life membership of the ISTE.
