L'Aquila 01/06/2017

To: Koland Madhu Mohan Reddy

Subject: Admission to the Master of Science in Telecommunications Engineering

Dear prospective student,

I am glad to inform you that your application to the two-year Master of Science (Laurea Magistrale) in Telecommunications Engineering offered by the University of L'Aquila, Italy, has been positively evaluated. That is, you are eligible to be enrolled in fall 2017.

In order to complete the application procedure, we invite you to go through the following five steps (according to the Italian law for non-European citizens living abroad).

You need to:

1) Fill in the pre-enrollment application form (A form)

The A Form is available at [http://www.studiare-in-italia.it/studenti/stranieri/moduli/Form\\_A.pdf](http://www.studiare-in-italia.it/studenti/stranieri/moduli/Form_A.pdf)

To fill in the form, please consider that:

1. The Academic Year you are applying for is: 2017/2018;
2. The official name of the University is: University of L'Aquila;
3. The program is an ordinary 2nd cycle degree course named: Telecommunications Engineering.

2) Prepare all the documents required by the Italian Embassy

Documents required by the Embassy:

1. two copies of your pre-enrollment application form;
2. two passport-sized photographs, one of which must be signed by you;
3. the University degree certificate or educational qualification certificate which allows you to access to 2<sup>nd</sup> cycle degree programs. This must have already been legalized by the competent Authority of the country which issued it, with Apostille stamp, and officially translated into Italian;
4. official certificate issued by the foreign academic institution with the list of all the exams you passed and the corresponding grades, credits (if they are adopted) or weekly/yearly hours for all teaching-learning activities (theory and practice), syllabi of the individual subject courses. This official certificate may be provided in English, French, Spanish, or Italian. If not, it must be officially translated. Alternatively, if available, a "diploma supplement" may be provided.

Given that the program is taught in English, you do not need to provide any certificate proving your competence in Italian, neither to pass the Italian competence exam once in Italy. However,
