Congratulations! You have met the requirements for admission to the masters program in Business Analytics at The University of Texas at Dallas' Naveen Jindal School of Management for the Fall 2021 semester. We share your excitement as you begin this next stage in your educational career. Your program director, Gaurav Shekhar (msbuan@utdallas.edu), and academic advisors will be here to assist you with any questions or concerns you may have throughout the course of your program.

Please note that as a graduate student, you carry certain responsibilities that may not have been present in your undergraduate experience. Be aware of the information contained in the Graduate Catalog, JSOM Policies page, and on the Academic Calendar, all of which are available online. Failure to read them does not exempt you from the rules and regulations therein pertaining to your academic experience.

- As part of your degree program prerequisites, you will need to complete a one credit hour Professional Development course. Details on the course can be viewed on the Jindal School of Management page.
- Plan time to visit the Advising Office to review the requirements of your degree plan and to remove your advising hold. Please try to plan several visits while you are a student.
- Closer to the beginning of your semester, you will receive an email with information regarding the Jindal School of Management's Graduate Orientation. Please make it a priority to attend this important event. It will provide an opportunity for you to meet your program director.
- When you reach the final semester of degree plan requirements you must fill out a graduation application by the posted deadline of your graduating semester. Failure to apply for graduation by the applicable deadline will result in a semester's delay in your graduation.

Our faculty and staff look forward to assisting you during your educational journey. We are confident that your experience at UT Dallas will include a welcoming environment, an intellectual challenge and a first-rate faculty in your field of study.

Sincerely,

Monica Powell - Associate Dean, Graduate Programs
