

BRIEF REPORT ON QUALITY INITIATIVES

The "Mahaveer Institute of Science & Technology", Hyderabad established in the year 2001. MIST is situated in a sprawling campus of sylvan surroundings. The buildings, qualified faculty, state of art laboratories, modern computer centre, spacious and well stocked library and other facilities cater to students educational and professional needs. Institution educates the students so that they become enlightened individuals and assets to the industry and society.

The institution prepares graduates for leadership roles in local, national, and global communities. MIST emphasizes meeting undergraduates' learning needs through innovative teaching, personalized advisement, and strong support for undergraduate research and active learning. We are proud of our historic Honor Code, representing our long-term commitment to build a strong engineering community.

The Institution is offering B.Tech courses with total intake of 600 seats in CSE,CSM, IT, EEE,ECE,CIVIL,MECH and AERO branches. Apart from the UG Courses, institution is also offering Post graduate courses in Engineering and Management. As part of its wide expansion, the institution started Polytechnic education in second shift. The institution provides quality education in engineering and management.

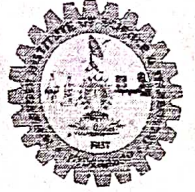

The institution consists with eminent faculty members in respective departments. All the faculty members are Post Graduates and / or Ph.D from premier institutions. Most of the faculty members are members of professional bodies like ISTE, IETE and CSI. They are expertise with various technologies of engineering.

Apart from the course curriculum, the departments is conducting various guest lecturers, seminars, workshops and webinars for improving the contemporary knowledge of the students. The faculty constantly motivates and transforms the students into industry standards. The institution conducts various Conferences, Seminars, guest lecturers and workshops, programmes as part of quality improvement. The institution provides the knowledge in recent technologies of engineering, outcome based education and New Education policy through the quality initiatives.

- 2 -

As part of quality initiatives, the institution provides a friendly environment for teachers, instructors and students for better performance in examinations and enhancing the students' skills in engineering. Through intensive training, students will be able to become productively engaged and qualified to obtain better placements in industry. There is a direct need for this form of training, available principally at commercial organizations of industry.

In the past 21 years of its existence, Mahaveer Institute of Science and Technology, proudly acquired many achievements in all aspects. The number of buildings, training facilities gradually increased every year as per student requirement. The institution has huge Alumni, who are well placed in the respective positions in the industry. Now, Mahaveer Institute of Science and Technology is one of the best engineering education providers in Telangana State.

A handwritten signature in green ink, appearing to be 'S. S. S.', is written above the printed name of the Principal.
