1. RAMPS\LIFTS

Mahaveer Institute of Science and Technology (MIST) provide handrails to facilitate use by ambulant disabled and elderly people. The handrails are mounted at short lengths above the ground so as to be helpful to people of all heights. They are designed to allow a firm and easy grip.

In our MIST campus in addition to stairs, there are wheelchair ramps available to facilitate easy mobilization. We have designed reduced incline rises which are easier and safer for wheelchair users.

PROVISIONS FOR LIFT

The placement of lifts at places in the MIST campus aims to provide a good and considerable improvement in the quality of life of physically disabled people. These lifts have sufficient and adequate measures so that a wheel chair can be released and entered in full comfort, as well as one or more accompanying people. We have two lift in the college campus 1) one is at old building to access three floors in the building to access class rooms and various labs for ECE,CSE and EEE department students and staff .2) Another lift at the new building to access the students and staff class rooms and laboratories for Mechanical Engineering and Aeronautical Engineering departments

2. DIVYANGJAN FRIENDLY WASH ROOMS

Wash rooms for the physically challenged are fitted and designed to suit their needs.

TOILET DOORS: The doors in the washrooms are provided with grab bars. These are designed to enable a physically disabled person to maintain balance, lessen fatigue while standing, hold some of their weight while maneuvering or have something to grab onto in case of a slip or fall.

TOILETS: An accessible toilet is designed to accommodate people with physical disabilities. A higher toilet bowl makes it easier for them to stand up. Additional measures are provided for easy accessibility. The toilets provide more space including enough room for a caregiver, if necessary. Grab bars are provided to ease transfer to and from the toilet seat.
