Sub:"Permission to conduct one day Seminar-Reg".

Respected sir

I would like to request for your permission and support to conduct one day seminar on "Emerging Trends in HVAC". The date for the Seminar will be 15-11-2021. it will help the students to understand the recent trends in design of various components used in Heating Ventilation Air-Conditioning.

Your consideration will be highly appreciated. I look forward to hearing from you.
Thanking you sir,

Seminar detail

Activity Name: Seminar

Title Name:Emerging Trends in HVAC.

Date of Event: 15-11-2021.

Name of Organizing Department: Mechanical Engineering

Name of coordinators: B. venkateshwar Reddy. HODMech Dept.

Dr. G. Srikanth Reddy Associate Professor

Name & Designation of Resource Person: Syed Abdul Gaffar CEO & Founder KG MECH
Abdul Nayeem Technical Manager

Sessions: First session: 10:00 A.M TO 12:00 P.M

Second session: 02:00 to 04:00 PM

Summary of the Seminar:

HVAC System Seminar and PPT with pdf report: H.V.A.C stands for Heating, Ventilation and Air Conditioning system. The HVAC regulates: Room Temperature, Humidity, Air Quality and Air Flow.This page contains HVAC System Seminar and PPT with pdf report

- A promising use of the HVAC communication channel is providing great speed network access to the offices in a huge building.
- The HVAC convey is experimental and economically viable since it uses an already existing infrastructure.
- The capacity of this conveys depends on the coherence bandwidth.

Brochure

About the college:

As an active member to quality assurance, Mist aims at providing learning with a Technology edge. It caters to provide complete training to its students to help them work in corporate environments in the busy business world. Right from its inception in 2005, it has been taking itself to meet the challenge. A new generation of emerging talents has. This new evolution brings with it a new way of working. Mist has already taken this step in the domain of education.

About the Department:

The Mechanical engineering is one of the core engineering disciplines, which has proven to accommodate all student segments. The Mechanical segment caters all other variants of engineering namely a student. The Mahaveer segment caters for two years a diploma programme under Skill Plan. From plant, software industries, Manufacturing industries, Design industries, Marine, Ship and Air force, Defense related organisations, National research organisations etc.

Speakers of the Seminar:

Sreed Akhila Gollu
98491 10000 4010 3428 76188

MOHD NAVEEM
98491 10000 4010 3428 76188

MC MECH EnrouteMechanical Pvt Ltd has established a Best Training centre in Hyderabad and is a trademark of excellence in terms of all time training for all the plants of Mechanical, Electrical & Civil Engineering. MC MECH offers Best training in Hyderabad with most practical modules in the areas of Layout, Drafting, Modeling, Test Condition & QA. MC MECH is the Best Training centre in Hyderabad which offers training along with placement for the engineers in MNCs of India & Abroad.

Chief Guest:
Dr. G. Jagadamba Reddy, Chairman
E. Jagan Mohan Reddy, Secretary
Dr. P. Chaitanya Reddy, Joint Secretary

Faculty:
Dr. N. S. Sankar Reddy, Principal

Session Address:
Dr. E. Suresh Babu
Professor,
Dept. of Mechanical Engineering

Topic of the Seminar:

- Introduction to HVAC
- Design of HVAC
- Drafting
- Modeling

Who will give Durbhitar:
Faculty of our college and other institutions.

For Registration:

DEPARTMENT OF MECHANICAL ENGINEERING

Seminar detail year:2020-21

Activity Name: Seminar

Title Name:Fusion 360.

Date of Event: 28-09-2021 to 29-09-2021.

Name of Organizing Department: Mechanical Engineering

Name of coordinators: B. venkateshwarReddy. HOD Mech Dept.
Dr. G. Srikanth Reddy Associate Professor

Name & Designation of Resource Person:Mahesh M (Usam Technologies)

Sessions: First session:10:00 A.M TO 12:00 P.M

Second session: 02:00 to 04:00 PM

Workshop Summary:

Fusion 360™ is a cloud-based 3D CAD/CAM tool for product development that combines industrial and mechanical design, collaboration, and machining in a single package. The tools in Fusion 360 enable fast and easy exploration of design ideas with an integrated concept-to-production toolset. Fusion 360 is natively written for both Mac and PC, allowing you to use your preferred OS or both.

In this workshop, advance Mechanical designing techniques were taught like bottom to top designing, assembly of different parts to make a single machine and other advance technique and a practical demonstration was given to the students. Students, at later stage, were given a project which they successfully completed in stipulated time.

Day-5: Additive Manufacturing & Design
Day-6: Conclusion & Quiz

About the College:

As an Institute committed to quality
education MIST aims at providing learning
with a technology edge. Right from its
inception in 2001, it has moving itself to
meet this objective. It endeavours to provide
consistent training to the students to help
them evolve as competent professionals in
the highly competitive world. Success now-
a-days requires the ability to adjust and get
along as a member of working team.

About the Department:

The Mechanical Engineering Department of
the college was established in 2004 which
offers B.Tech, M.Tech (AMS) and DME
courses with highly qualified, dedicated and
motivated faculty. The courses and
programmes offered by the department not
only impart technical expertise to the
students but also give a professional
experience.

Workshop details

Activity Name: Workshop (Two Days)

Title Name: Advances in Mechanical Engineering.

Date of Event: 28-02-2020 to 29-02-2020.

Name of Organizing Department: Mechanical Engineering

Name of coordinators: Dr. B. Nageswara Rao HOD Mech Dept
G K Shanmukh Dev Prof Mech Dept

Name & Designation of Resource Person: Dr.R.A. Srivardhan. Scientist DRDO Hyderabad
Dr. K. Buschaiah LE /Scientist OU College of Engg
Dr. S Murali Principal AARM
Dr. J Kandaswamy Professor MVSR

Sessions: First session: 10:00 A.M TO 12:00 P.M

Second session: 02:00 to 04:00 PM

Workshop Summary:

Mechanical Engineering is a diverse subject that consists the ability to design & Manufacture everything from mini-scale part to large machines and projects. The objective of the mechanical engineer is to take the product from an idea and publish it. The goal is reached by obtaining A range of skills and knowledge. People who are striving to become Mechanical Engineer need to comprehend the power and the warm environment that an item, its part subsystem will experience to outline them for usefulness and the capacity to withstand the power.

Date of Event: 07-03-2019 to 08-03-2019.

Name of Organizing Department: Mechanical Engineering

Name of coordinators: Dr. B. Nageswara Rao *Professor Mech Dept*

B Venkateshwar Reddy *Associate professor*

Name & Designation of Resource Person: Dr.Kandaswami.

Sessions: First session: 10:00 A.M TO 12:00 P.M

Second session: 02:00 to 04:00 PM

Workshop Summary:

- To make effectively contribution in today's manufacturing sector it is important for us to have an understanding of project direction, manufacturing design software, communications, human resources and safety practices.
- To expose real life situations that arise in the workplace through theoretical and practical courses .
- Focus on meeting challenges in a production environment from both operational and strategic perspectives in this management-tailored program

DEPARTMENT OF MECHANICAL ENGINEERING

BROCHURE

About the college:

As an Institute committed to quality education, MIST aims at providing training with a Technological edge. It endeavours to provide consistent training to its students to help them emerge as competent professionals in the highly competitive world. Right from its inception in 2001, it has been striving itself to meet this objective. A new civilization is emerging in our lives. This new civilization brings with it a new way of working. Millions are already tuning their lives to the rhythms of tomorrow.

About the Department:

The Mechanical engineering is one of the core engineering departments which has potential to accommodate all efficient engineers. The Mechanical engineers serve all other branches of engineering directly or indirectly. The Mechanical engineers can find their place in Automobile engineering sector, Food Plants, Power plants, Software industries, Manufacturing industries, Design industries, Military, Naval and Air force, Defense research organizations, Material research organizations etc.

Objectives of the workshop:

- > To make effectively contribution to today's manufacturing sector it is important for us to have an understanding of project creation, manufacturing design software, communications, human resources and safety practices.
- > To expose real life situations that arise in the workplace through theoretical and practical course.
- > Focus on developing skills through a practical orientation from both operational and strategic perspectives in the management-related program.

sub:"Permission to conduct workshop-Reg".

Respected sir

I would like to request for your permission and support to conduct two days
"Workshop On Recent Trends In Thermal Engineering". The schedule for the Seminar will be 09-01-2017 to
10-01-2017. it will help the students to understand the recent trends in Thermal Engineering.
Your consideration will be highly appreciated. I look forward to hearing from you.

Thanking you sir,

DEPARTMENT OF MECHANICAL ENGINEERING

BROCHURE

About the college:

As an institution committed to quality education, MIT aims at providing learning with a Technology edge. It endeavours to provide consistent training to its students to help them evolve as competent professionals in the highly competitive world. Right from its inception in 2001, it has been moving itself to meet this objective. A new civilization is emerging in our lives. This new civilization begins with a new way of working. Millions are already treading this line to the depths of existence.

About the Department:

The Mechanical Engineering is one of the core engineering departments, which has potential to accommodate all efficient engineers. The Mechanical engineers serve all other branches of engineering directly or indirectly. The Mechanical engineers can find their place in Automobile engineering sector, Steel Plants, Power plants, Software industries, Manufacturing industries, Design industries, Military, Naval and Air force, Defense research organizations, Material research organizations etc.

Mission:

The Department's mission is to produce employable mechanical engineering graduates with knowledge, skills and ethics, provide them with the professional and soft skills necessary to lead a successful career and personal life and equip them with the confidence necessary to contribute to society by performing in their respective chosen fields of endeavor.

Objectives of the workshop:

The main objective of the workshop is to create awareness among young Mechanical Engineers about the current state-of-research and importance of the knowledge of solving real life and industrial problems in the process of achieving the individual, collective and societal goals with sustainable technology, process and products.

Chief Patron:

Dr. S. Suresh Babu, Chairman
Dr. S. Suresh Babu, Secretary

Patron:

Dr. K. S. S. N. Reddy, Principal

Academic Advisor:

Dr. H. S. N. Murthy, Director

Topic:

- Mathematical modeling of fluid flow and heat transfer using CFD.
- CFD in modeling of thermal equipment
- Introduction to the modern Gas Turbines.
- Applications of Gas Turbines
- Introduction to MATLAB
- MATLAB for Heat Transfer problems.

Workshop detail year:2015-16

Activity Name: Workshop (Two Days)

Title Name:Robotics & Automation

Date of Event: 07-01-2016 to 08-01-2016.

Name of Organizing Department: Mechanical Engineering

Name of coordinators: G.K. Shanmukh Dev Associate Professor
Md. Sazzad Assistant Professor

Name & Designation of Resource Person: Dr. Ch.ChakradharGoud

Sessions: First session:10:00 A.M TO 12:00 P.M

Second session: 02:00 to 04:00 PM

Workshop Summary:

- ❖ To provide deep insight into Robotics building blocks
- ❖ To develop Robot assembly & testing skills
- ❖ To design electrical connections to control wired robot
- ❖ To gain knowledge about possible projects in the field of robotics
- ❖ To explore the available sensors for robotics

DEPARTMENT OF INFORMATION TECHNOLOGY

Workshop detail year: 2022

Activity Name: 3 DAY WORKSHOP ON IOT AND RASBERRY PI

Title Name: Internet of Things

Date of Event: 03/01/2022 To 05/01/2022

Name of Organizing Department: Department of CSE and IT

Name of coordinators: Mrs .M Swapna , Assistant Professor

Mrs KBVK Nagasree, Assistant Professor

Name & Designation of Resource Person: Mr Kalyan Pantech LTD.

Session: 10:00 A.M TO 12:00 P.M

Workshop Summary: A thing, in the context of the Internet of things (IoT), is an entity or physical object that has a unique identifier, an embedded system and the ability to transfer data over a network he goal behind the Internet of things is to have devices that self-report in real-time, improving efficiency and bringing important information to the surface more quickly than a system depending on human intervention The Internet of Things (IoT) refers to a system of interrelated, internet-connected objects that are able to collect and transfer data over a wireless network without human intervention. The personal or business possibilities are endless.

3 Days Workshop on "IoT with RASPBERRY PI"

January 03rd to 05th, 2022

Organised by
DEPARTMENT OF CSE & IT

In Association with
Pantech E-Learning

Conscience Technologies

ABOUT THE COLLEGE

Mahaveer Institute of Science & Technology (MIST) established in the year 2001 by Mahaveer Educational Society. MIST offering 8 UG programs, 6 PG programs, and 5 Diploma courses. As an institute committed to quality education, MIST aims at providing learning with a technology-edge. Two critical aspects of preparation for success in the work place are Education and Training. So that you will have the required knowledge, skills and a high level of self-motivation including initiative and responsibility.

ABOUT CSE & IT DEPT

The Department of CSE & IT quenches the thirst of knowledge of students effectively which meets the highest level of competency required by the industry. With its experienced faculty members having excellent academic backgrounds. It trains students supplementing classroom lectures with computer aided demonstrations making their learning a rich and rewarding experience.

PROGRAM COORDINATORS

Dept of CSE & IT Staff

OBJECTIVE OF WORKSHOP

This workshop gives wide knowledge on IoT and gives hands on experience on Raspberry pi, installing Raspberry pi, interfacing sensors with Raspberry, demonstrating vehicle security system, learning Python programming and Sensors.

TOPICS TO BE COVERED

DAY 1:

- Introduction To IoT
- Introduction To Raspberry Pi
- Introduction To Python
- Raspberry Pi Hands On Training
- Installing PHP & HTML Packages on Raspberry Pi
- Home Appliances Interfacing with Webpages

DAY 2:

- Introduction To Sensors
- Interfacing Sensors with Raspberry Pi
- Using of HTTP Protocol
- Project

DAY 3:

- Hand on session
- Questions & Answers

E-CERTIFICATE WILL BE ISSUED FOR ACTIVE PARTICIPANTS

URL FOR FREE REGISTRATION

<https://forms.gle/EW7npULYyUgaoVfk7>

WHO CAN PARTICIPATE

Students of 4th year CSE & IT

DEPARTMENT OF INFORMATION TECHNOLOGY

Workshop detail year: 2020

Activity Name: Workshop

Title Name: ARTIFICIAL INTELEGENCE & MACHINE LEARNING

Date of Event: 26/12/2020

Name of Organizing Department: Department of Information Technology

Name of coordinators: D. Swathi Assistant professor

S. Sunil Assistant professor

N.Devender Assistant professor

R.Kesavaiah Assistant professor

Name & Designation of Resource Person: Soham parlikar , Senior coach on IOT & AI

Session: 10:00 A.M

Workshop Summary: Artificial intelligence is a technology which enables a machine to simulate human behavior. The goal of AI is to make a smart computer system like humans to solve complex problems. In AI, we make intelligent systems to perform any task like a human Machine learning and deep learning are the two main subsets of AI. Machine learning is a subset of AI which allows a machine to automatically learn from past data without programming explicitly. The goal of ML is to allow machines to learn from data so that they can give accurate output.

DEPARTMENT OF INFORMATION TECHNOLOGY

About the College

As an Institute committed in quality education, MIT aims at providing learning with a Technology edge. It endeavours to provide consistent training to its students to help them evolve as competent professionals in the highly competitive world. Right from its inception in 2001, it has been tuning itself to meet this objective. A new civilization is emerging on our lives. This civilization brings with it a new way of working. Millions are already tuning their lives to the rhythms of tomorrow.

About the Department

The Department of IT was established in the year 2005 and quenches the thirst of knowledge of students effectively which meets the highest level of competency required by the industry. With its experienced faculty members having excellent academic backgrounds, it trains students supplementing classroom lectures with computer aided demonstrations making their learning a rich and rewarding experience.

About the Workshop

Artificial Intelligence (AI) is the simulation of human intelligence processes by machines, especially computer systems. These processes include learning, reasoning and self-correction. Particular applications of AI include expert systems, speech recognition and machine vision. Machine Learning (ML) is a subset of Artificial Intelligence. ML is the science of designing and applying algorithms that are able to learn things from past cases. The ultimate goal of AI and ML is in its ability to produce systems that are used regularly in industry, education, and elsewhere. This workshop paves a path to understand the difference between AI & ML and apply the principles of both in a real-time scenario.

Name & Designation of Resource Person: Jyotsna Grandhi Joint Director cboc

Session: 10:30 A.M.

Workshop Summary: When it comes to cyber security, one thing is clear: the most potent threat vectors into any organization are its endpoints. Your endpoints represent fertile ground for attacks because their users, applications, and services often have elevated privileges that give cyber criminals an easy on-ramp to the inner workings and data within your organization.

Title Name: OPPURTUNITIES FOR ENGINEERING IN FINTECH-POST COVID

Date of Event: 03/08/2020

Name of Organizing Department: Department of Information Technology

Name of coordinators: Dr.A. Nandagopal Reddy HOD

Name & Designation of Resource Person: Vijay Bhaskar Marisetty professor university of hyd

Session: 10:30 A.M

Workshop Summary: As the COVID-19 pandemic continues to create uncertainty, many fin techs are under stress on a number of fronts. But, as the broader economy shifts from “respond” to “recover”, new opportunities may be created for some fintechs. A key question is how fin techs may leverage their unique assets and skills to seize new opportunities in the future. It could be an opportune time to think big and act boldly.

FDP detail year: 2020

Activity Name: FDP

Title Name: CLOUD COMPUTING WITH AWS

Date of Event: 30/06/20 TO 04/07/20

Name of Organizing Department: Department of Information Technology

Name of coordinators: Mr Seva Naik Assistant professor

Mrs KBVK Nagasree

Name & Designation of Resource Person: Mr D. Sai Sathish, Aws Trainer, WebTek.

Session: 10:00.A.M -12.00.P.M

Workshop Summary In this Introduction to Cloud Computing with Amazon Web Services training course, expert author Mark Nunnikhoven will teach you about AWS and how to deploy a web application in AWS. This course is designed for the absolute beginner, meaning no experience with Amazon Web Services is required. You will start by learning about AWS specific concepts, then jump into deploying WordPress on AWS. From there, Mark will teach you how to create a strong foundation, including configuring IAM for deployment and setting up CloudTrail. This video tutorial also covers deploying a secure networking configuration, deploying a server, and deploying a relational database. Finally, you will learn how to implement a backup strategy

About the College

MAHAVEER INSTITUTE OF SCIENCE & TECHNOLOGY was established in the year 1987 by Mahaveer Education Trust. VIST offering B.Tech programs, M.Tech program, and Ph.D. program. As an Institute committed to quality education, VIST aims at providing students with a well-rounded education. The value education of students in the workplace, on campus and off campus, so that they will have the required knowledge, skills and a high level of performance including industry and entrepreneurship.

About the Department

The DIT is Department established with B.Tech, M.Tech and Ph.D. programs. The Department focuses on high quality education and research in various fields with the following objectives: To provide quality education to students through the faculty members and the students of various **Types: Postgraduate, Masters, M.Tech, Ph.D.** and International Conferences and Seminars.

Aims of DIT

The department of IT was established in the year 2001 and operates the degree of bachelors of science (computer science) which meets the higher level of competency required by the industry. With the expansion faculty members having Ph.D. and M.Tech. qualifications, it aims at providing a systematic education to the students and also providing research facilities in the field of IT.

Objectives of the Department

Chief Officers

Prof. K. Anand Kumar, Chairman
 Prof. K. Srinivas Reddy, Secretary
 Prof. K. Chaitanya Reddy, Joint Secretary

Faculty

Dr. N. S. S. N. Sudha, Principal
 Assistant Professor

Dr. H. S. N. Manoj, Director

Objectives of DIT

First Objective: To provide quality education in the current technology in computer science and information technology. Second Objective: To provide quality education in the current technology in computer science and information technology. Third Objective: To provide quality education in the current technology in computer science and information technology.

Subjects to be covered

Day 1:

- Introduction to Cloud Computing
- Cloud Computing Architecture
- Cloud Computing Security
- Cloud Computing Applications
- Cloud Computing Case Studies

Day 2:

- Introduction to Cloud Computing
- Cloud Computing Architecture
- Cloud Computing Security
- Cloud Computing Applications
- Cloud Computing Case Studies

Day 3:

- Introduction to Cloud Computing
- Cloud Computing Architecture
- Cloud Computing Security
- Cloud Computing Applications
- Cloud Computing Case Studies

Day 4:

- Introduction to Cloud Computing
- Cloud Computing Architecture
- Cloud Computing Security
- Cloud Computing Applications
- Cloud Computing Case Studies

Day 5:

- Introduction to Cloud Computing
- Cloud Computing Architecture
- Cloud Computing Security
- Cloud Computing Applications
- Cloud Computing Case Studies

Day 6:

- Introduction to Cloud Computing
- Cloud Computing Architecture
- Cloud Computing Security
- Cloud Computing Applications
- Cloud Computing Case Studies

DEPARTMENT OF INFORMATION TECHNOLOGY

Faculty Development Program detail year: 2020

Activity Name: Faculty Development Program

Title Name: Data Science with R Programming

Date of Event: 12/06/20 TO 17/06/20

Name of Organizing Department: Department of Information Technology

Name of coordinators: S. Srinivas Assistant Professor

M Srinivas Reddy Assistant Professor

Name & Designation of Resource Person: Mrs Tania Das ,All India Head Training and Operations

Session: 10:00 A .M - 12.00 P.M

Workshop Summary: Today, data is at the heart of every successful organization, with data professionals playing a pivotal role in business decisions. The World Economic Forum predicts that by 2020, skills will be more important than job titles as the labour market moves towards multi-faceted professionals rather than singularly specialised ones. Keeping in mind this growing trend, now is the time to upskill so that the world is your oyster.

To help you learn the skills required to be successful in a data-driven world, IIM Kozhikode has launched . This programme is designed for professionals from any domain looking to advance their careers. It will provide you with skills that will give you an insight into modern data science practices.

DEPARTMENT OF INFORMATION TECHNOLOGY

About the college:
 As an institute committed to quality education, MIT aims at providing learning with a Technology edge. It endeavours to provide consistent training to its students to help them evolve as competent professionals in the highly competitive world. Right from its inception in 2001, it has been tuning itself to meet this objective. A new evolution brings with it a new way of working. Millions are already treading those throes in the pursuit of success.

About CSE & IT Dept:
 The Department of CSE & IT caters to the needs of knowledge of students effectively, which is at the highest level of competence required by the industry. With its experienced faculty members having excellent academic backgrounds, it offers students comprehensive classroom lectures with computer aided demonstrations and group study learning a rich and rewarding experience.

Objectives of the FDP:

1. R Programming language and data analysis.
2. To train the participants in accessing data from various domains.
3. To develop confidence in independent R Programming and Data Analyst.

Why Learn R
 A good data scientist is a passionate coder. Language for a statistician is less than R. It's a popular skill among top data analysts and data scientists that sought after by some of the biggest brands. In addition, R's commercial applications increase by the minute, and companies appreciate its versatility.

* It is cross-platform compatible. It can be run on Windows, Mac, OS X and Linux. It can also import data from Microsoft Excel, Microsoft Access, MySQL, SQLite, Oracle and other programs.

Chief Patron:
 Mrs. B. Jaganmouli Reddy, Chairman
 Sri N. Suresh Babu, Secretary
 Sri S. Chaitanya Reddy, Joint Secretary

Patron:
 Dr. K. S. S. N. Reddy, Principal

Academic Advisor:
 Dr. H. R. N. Murthy, HOD/DSI

Topics:

- Day - 1: Introduction to Data Science and R
- Day - 2: R packages for Data Manipulation
- Day - 3: Generating plots in R
- Day - 4: Statistical inference
- Day - 5: Predictive modeling using machine learning in R

Who All can Participate:
 Faculty of different Universities,
 Colleges & all participants

Workshop detail year:2020

Activity Name: Workshop

Title Name: Web Design &Development with Php/MySQL

Date of Event:05/03/2020 TO 07/03/2020

Name of Organizing Department: Department of CSE and IT

Name of coordinators: Mr K .Giri Babu, Asst Professor

Mr V Naresh Kumar Reddy, , Asst Professor

**Name & Designation of Resource Person: Mr.R.Jishnu SR Software Engineer,
Pantech LTD.**

Session: 10:00 A.M TO 12:00 P.M

Workshop Summary: Website is the best way for publishing information and branding an organization. So, I have designed the web site on Islamic University, Bangladesh to spread the name and frame of the same globally. For designing the website, I have used HTML and CSS for web designing, PHP and MySQL have been used for developing of this site. In addition, I have taken help from many online web designing and developing tools. In this site information about the CSE department has been given. There is a short portrayal in this website about the university itself, the administrative setup, the department of the university and their faculties academic information and simple database for retrieving result of the students.

Session: 10:00 A.M TO 12:00 P.M

Workshop Summary: Machine learning (ML) is a type of artificial intelligence (AI) that allows software applications to become more accurate at predicting outcomes without being explicitly programmed to do so. Machine learning algorithms use historical data as input to predict new output values. Machine learning is an application of artificial intelligence (AI) that provides systems the ability to automatically learn and improve from experience without being explicitly programmed. Machine learning focuses on the development of computer programs that can access data and use it to learn for themselves.

Workshop detail year: 2020

Activity Name: Workshop

Title Name: Angular JS

Date of Event:31/01/2020 TO 1/02/2020

Name of Organizing Department: Department of CSE and IT

Name of coordinators: Mr . K.Sudhakarudu , Assistant Professor

Mr V Naresh Kumar Reddy, Assistant Professor

Name & Designation of Resource Person: Mr S.Sathish ,Sr Engineer,Pantech LTD.

Session: 10:00 A.M TO 12:00 P.M

Workshop Summary: AngularJS is a structural framework for dynamic web apps. It lets you use HTML as your template language and lets you extend HTML's syntax to express your application's components clearly and succinctly. AngularJS's data binding and dependency injection eliminate much of the code you would otherwise have to write. Angular is a platform and framework for building single-page client applications using HTML and TypeScript. Angular is written in TypeScript. It implements core and optional functionality as a set of TypeScript libraries that you import into your applications.

Workshop detail year: 2019

Activity Name: Workshop

Title Name: Microsoft Azure

Date of Event:19/11/2019

Name of Organizing Department: Department of CSE and IT

Name of coordinators: Mr . B Seva Naik , Assistant Professor

Mr N Devendhar, Assistant Professor

Name & Designation of Resource Person: Mr Narendra Muthyam

Session: 10:00 A.M TO 12:00 P.M

Workshop Summary: Microsoft Azure, formerly known as Windows Azure, is Microsoft's public cloud computing platform. It provides a range of cloud services, including compute, analytics, storage and networking. At its core, Azure is a public cloud computing platform—with solutions including Infrastructure as a Service (IaaS), Platform as a Service (PaaS), and Software as a Service (SaaS) that can be used for services such as analytics, virtual computing, storage, networking, and much more. Azure is Microsoft's public cloud platform. Azure offers a large collection of services including platform as a service (PaaS), infrastructure as a service (IaaS), and managed database service capabilities. Azure, like other cloud platforms, relies on a technology known as virtualization.

Workshop detail year: 2018

Activity Name: Workshop

Title Name: Ethical Hacking and Cyber Security

Date of Event:04/10/2018 TO 05/10/2018

Name of Organizing Department:Department of CSE and IT

Name of coordinators: Mr . M.Sreenivas Reddy , Assistant Professor

Mr V Naresh Kumar Reddy, Assistant Professor

Name & Designation of Resource Person: Mr.Prof.Dr.Selva Kumar,HOD IT,
Annamalai University

Session:10:00 A.M TO 12:00 P.M

Workshop Summary:Ethical Hacking is an authorized practice of bypassing system security to identify potential data breaches and threats in a network. The company that owns the system or network allows Cyber Security engineers to perform such activities in order to test the system's defenses Ethical hacking involves an authorized attempt to gain unauthorized access to a computer system, application, or data. Carrying out an ethical hack involves duplicating strategies and actions of malicious attackers. Also known as "white hats," ethical hackers are security experts that perform these assessments White hat hacking or ethical hacking is an effective way to combat cyber-attacks, and help organizations and professionals understand the vulnerabilities in a network. If ethical hackers are able to get in, chances are that cyber criminals could as well

DEPARTMENT OF INFORMATION TECHNOLOGY

FDP detail year: 2018

Activity Name: Faculty Development Program

Title Name: Introduction to Big Data Analytics

Date of Event: 04/12/2018 to 05/12/2018

Name of Organizing Department: Department of CSE and IT

Name of coordinators: Mr . .Jakeer Hussain , Assistant Professor

Mr B.Mallaiah, Assistant Professor

Name & Designation of Resource Person: Mr.S.Shanmaghavel Trainer Manager ICT
Academy

Session: 10:00 A.M TO 12:00 P.M and 1:30 P.M to 4:00 P.M

Workshop Summary: Big data analytics helps businesses and organizations make better decisions by revealing information that would have otherwise been hidden. Meaningful insights about the trends, correlations and patterns that exist within big data can be difficult to extract without vast computing power. Big data analytics is the use of advanced analytic techniques against very large, diverse data sets that include structured, semi-structured and unstructured data, from different sources, and in different sizes from terabytes to zettabytes.

DEPARTMENT OF INFORMATION TECHNOLOGY

Workshop detail year: 2017

Activity Name: Workshop

Title Name: Android Application Development

Date of Event: 23/03/2017 TO 25/03/2017

Name of Organizing Department: Department of CSE and IT

Name of coordinators: Mr.D. Ramana Kumar, Associate Professor

Mr.S. Sreenivas ,Assistant Professor

Name & Designation of Resource Person: Mr.Saleem,Sr Software Engineer

Session: 10:00 A.M TO 12:00 P.M

Workshop Summary: Android software development is the process by which applications are created for devices running the Android operating system. Google states that "Android apps can be written using Kotlin, Java, and C++ languages" using the Android software development kit (SDK), while using other languages is also possible. The official language for Android development is Java. Large parts of Android are written in Java and its APIs are designed to be called primarily from Java. It is possible to develop C and C++ app using the Android Native Development Kit (NDK), however it isn't something that Google promotes.

DEPARTMENT OF INFORMATION TECHNOLOGY

About the College

As an institute committed to quality education MST aims at providing learning with Technology. It endeavors to provide consistent training to its students to help them evolve as competent professionals in the highly competitive world. Right from its inception in 2001, it has been tuning itself to meet this objective. A new civilization is emerging on our lives. This civilization brings with it a new way of working. Millions are already tuning their lives to the rhythms of tomorrow.

About: CSE & IT Dept

The Department of CSE & IT quenches the thirst of knowledge of students. Effectively written meets the highest level of competency required by the industry. With its experienced faculty members having excellent academic backgrounds, it trains students supplementing classroom lectures with computer aided demonstrations making their learning a rich and rewarding experience.

About the Workshop

Android software development is the process by which applications are created for devices running the Android operating system. Android apps can be written using Kotlin, Java, and C++ languages using the Android software development kit (SDK), while using other languages is also possible. All non-JVM languages, such as Go, JavaScript, C, C++ or assembly, need the help of JVM language code, that may be supplied by tools, likely with restricted API support. Some programming languages and tools allow cross-platform app support (i.e. for both Android and iOS).

Workshop detail year: 2017

Activity Name: Workshop

Title Name: Block chain Technologies

Date of Event:05/01/2017

Name of Organizing Department: Department of CSE and IT

Name of coordinators: Mr.D. Ramana Kumar, Associate Professor

Mr. S. Sreenivas ,Assistant Professor

Name & Designation of Resource Person: Mr.Raghunath

Session: 10:00 A.M TO 12:00 P.M

Workshop Summary: Blockchain is a system of recording information in a way that makes it difficult or impossible to change, hack, or cheat the system. A blockchain is essentially a digital ledger of transactions that is duplicated and distributed across the entire network of computer systems on the blockchain. Business runs on information. The faster it's received and the more accurate it is, the better. Blockchain is ideal for delivering that information because it provides immediate, shared and completely transparent information stored on an immutable ledger that can be accessed only by permissioned network members. A blockchain network can track orders, payments, accounts, production and much more.

Approved by AICTE, Affiliated to JNTU, Hyderabad.
Vyasapuri, Bandlaguda, Post: Keshavnagar, Hyderabad-500005.

Activity Name: FDP

Title Name: National Science Day

Date of Event: 28/2/2021

Name of Organizing Department: H&S

Name of coordinators : Dr M Prathibha

Name & Designation of Resource Person: Dr. Borra Madhava Reddy

Session : 10:30am to 3:30 pm

FDP Summary :

It was indeed a very knowledgeable day in which the main motive was to spread a message about the importance of science and its application in our daily life as well as to popularize Science and Technology. Then came the time for the closing ceremony of the event and bidding farewell to the students in the evening.

Title Name: Vedic Mathematics

Date of Event: 27/11/18

Name of Organizing Department: H&S

Name of coordinators : Dr P Pratibha, HOD,H&S

Name & Designation of Resource Person: Dr Upender Mendu

Session : 9:45am to 4.10 pm

Seminar Summary : Vedic Mathematics is a collection of Techniques/Sutras to solve mathematical arithmetics in easy and faster way. It consists of 16 Sutras (Formulae) and 13 sub-sutras (Sub Formulae) which can be used for problems involved in arithmetic, algebra, geometry, calculus, conics. Vedic mathematics, simplifies arithmetic and algebraic operations, and has increasingly found acceptance the world over. Vedic Mathematics helps find solutions in a single or a few steps where as conventional methods require multiple steps. Vedic Mathematics eases and simplifies multiplication, divisibility, complex number.

Workshop detail year:

Activity Name: Guest Lecture

Title Name: Nanotechnology

Date of Event: 25/12/2018

Name of Organizing Department: H&S

Name of coordinators : Dr M.Prathibha

Name & Designation of Resource Person: Dr K Rajesh Kumar, Professor

Session 1: 10.30am to 12.30 pm

Session 2: 2pm to 4pm

Summary : Nanotechnology is a field of research and innovation concerned with building 'things' - generally, materials and devices - on the scale of atoms and molecules. A nanometre is one-billionth of a metre: ten times the diameter of a hydrogen atom. The diameter of a human hair is, on average, 80,000 nanometres.

About the College
It is Institute committed to quality education.
CONVENER

HOD who is handling learning and a "technology" with 2 professors in physics. University setting in its endeavor to help them evolve as competent participants in the highly competitive world. Right from its inception in 2001, it has been striving hard to meet this objective. A new civilization is emerging all over India. The education being with it is not just a matter of words. Words are being used, they live to the rhythms of tomorrow.

About H&S Dept
The Department of H&S provides the best of knowledge of students effectively which meets the highest level of competence required by the industry. With its experienced faculty members having excellent academic background, it does provide maximum extra classroom activities with computer aided demonstrations aimed for learning a lot of interesting experiences.

About the Workshop
"Effective Teaching Methodologies" was organized in the Institute for evening & night faculty members from 4-12-2017 to 8-12-17. Mahaveer Institute believes that continuous improvement and advancement for faculty members depends upon the growth in teaching practices. Thus, there is a need for faculty across all disciplines to understand best instructional practices and the strategies that develop effective teaching experiences and skills.

Activity Name: Guest Lecture (Chemistry)

Title Name: Synthesis of Solar cell Applications

Date of Event: 23-12-2017

Name of Organizing Department: H&S

Name of coordinators : Dr M.Panda

Name & Designation of Resource Person: Dr Veera Sekhara Goud, Professor

Session 1: 10.30am to 2pm

Summary : The utilization of clean, renewable energy sources has become a prerequisite for the development of human society. Among a variety of new energy technologies, solar power is undoubtedly one of the most promising technologies. A solar cell is a device that converts light energy directly into electrical energy via photovoltaic effects or photochemical reactions.

MAHAVEER

INSTITUTE OF SCIENCE & TECHNOLOGY

Approved by AICTE, Affiliated to JNTU, Hyderabad.
Vyasaपुरi, Bandlaguda, Post: Keshavnagar, Hyderabad-500005.

Workshop detail year:

Activity Name: FDP

Title Name: Power Conservation for smart Grids

Date of Event: 18th to 22th February-2020

Name of Organizing Department: EEE

Name of coordinators : Dr. M.Rajendar Reddy,

Mr.P.V.V.Satyanarayana, Mrs.N.Saraswathi

Name & Designation of Resource Person: 1.Dr.B.Mangu,OU

2.Dr.C.Ravi,VIT

Day1:

- Introduction to Smart Grid Technology
- Background and relevance of smart grids to the Indian power sector

Day2:

- Communication systems for Smart Grid applications
- Regulatory support for smart grid
- Cyber security for smart grids.

Principal
MAHAVEER
INSTITUTE OF SCIENCE & TECHNOLOGY
Bandlaguda, Hyderabad-500005

Day3:

- Electric vehicles (ev) infrastructure and policies
- Network reliability – future technologies.
- Institutional framework for smart grids in India

Workshop Summary : With today's High Demand for Construction, a small pool of available and trained trade workers, and the need to build quicker and smarter ,finding a way to increase productivity and efficiency is every projec team's goal. One increasingly popular trend that is helping solve this dilemma is prefabrication. By constructing materials before they hit the jobsite, trade contractors are boosting their operations. Prefabrication decreases field installation time, increases quality and safety and reduces the amount of wasted materials

Number Of Participates:60

**A Three Days National
Level Faculty Development
Program
On
"Power Conservation for smart
Grids"**

Resource Person:

1. Dr. B. Mangu, OU
2. Dr. C. Ravi, VIT

Scheduled From 18th to 22th

February-2020

Timings: 10:00am to 1:00pm

**Organized By
Department of
EEE Engineering**

Who can participate

All Engineering Faculty, Research Scholars and
Industrial Persons

(E-certificates will be issued to all the
participants, who submit feedback forms)

Organized Committee:

Chief Patrons:

Smt. S. Jayalaxmi, Chairman
Sri S. Surender Reddy, Secretary
Sri S. Dhanunjay Reddy, Joint Secretary

Patron:

Dr. K.S.S.S.N Reddy, Principal

Academic Advisor:

Dr. H.S.N. Murthy, Director

Convener:

Dr. M. Rajendar Reddy Professor & HOD,
Dept. of EEE Engineering

Co-Conveners: (contact for details)

1. Mr. P. V. V. Satyanarayana, Professor.
2. Mrs. N. Saraswathi - Assistant Professor

Program Coordinators:

1. Mr. G. Premkumar Reddy - Assistant Professor
2. Mr. B. Satish - Assistant Professor
3. Mrs. G. Jyothi - Assistant Professor
4. Mr. A. Mahesh Kumar - Assistant Professor
5. Mrs. K. S. Bhargavi - Assistant Professor

Contact Details:

Feel free to ask your queries either by

E-Mail: ehodeee@gmail.com (or)

Contact - 9966411762, 9989840617

About the College:

Mahaveer Institute of Science & Technology (MIST) established in the year 2001 by Mahaveer Educational Society. MIST offering 8UG programs, 6PG programs, and 5Diploma courses. As an institute committed to quality education, MIST aims at providing learning with a technology-edge. Two critical aspects of preparation for success in the work-place are Education and Training, so that you will have the required knowledge, skills and a high level of self-motivation including initiative and responsibility.

About the Department:

The Department of Electrical & Electronics Engineering was established in 2001 which offers B.Tech, and M.Tech (POWER Engineering and Energy Systems) courses with highly qualified, dedicated and motivated faculty. The courses and programmes offered by the department not only impart technical expertise to the students but also gives a professional experience.

Topics to be covered:

Day1:

- Introduction to Smart Grid Technology
- Background and relevance of smart grids to the Indian power sector

Day2:

- Communication systems for Smart Grid applications
- Regulatory support for smart grid
- Cyber security for smart grids.

Day3:

- Electric vehicles (EV) infrastructure and policies
- Network reliability - future technologies.
- Institutional frame work for smart grids in India

About the FDP:

❖ With today's High Demand for Construction, a small pool of available and trained trade workers, and the need to build quicker and smarter, finding a way to increase productivity and efficiency is every project team's goal.

❖ One increasingly popular trends that is helping solve this dilemma is prefabrication. By constructing materials before they hit the job site, trade contractors are boosting their operations. Prefabrication decreases field installation time, increases quality and safety and reduces the amount of wasted materials.

Approved by AICTE, Affiliated to JNTU, Hyderabad.

Vyasapur, Bandlaguda, Post: Keshavnagar, Hyderabad-500005

Workshop detail year:

Activity Name: Workshop

Title Name: Industrial Automation & Control System

Date of Event: 13th & 14th MAR 2020

Name of Organizing Department: EEE

Name of coordinators : Dr. M.RajendarReddy, Dr.M.Sudhakaran

Name & Designation of Resource Person:

Day 1: (1) BASICS OF CONTROL PANELS & RELAY LOGIC SYSTEM

Basics of relay, Contactors, Timers, Over load Relays, Push Buttons, Functions, Strings, Lists

(2) PLC SYLLABUS

Automation introduction | Architecture of PLC | addressing concept | Ladder Logic | Logic | Bit logics NO/NC/Set coil/Reset coil

Timers (on delay/off delay/retentive) | Counters (up & down counters)

Day 2: (1) Human Machine Interface

Introduction to HMI | Designing in HMI software | I/O Configuration | Operation of standard Display panels | Display panels-Textual and graphics

(2) VARIABLE FREQUENCY DRIVE

K. Srinivas
PRINCIPAL
MAHAVEER
INSTITUTE OF SCIENCE & TECHNOLOGY
Bandlaguda, Hyd-500 005.

Selection and configuration | ON/OFF Command | Max & Min frequency settings |
Rated current Speed modulation | Acceleration & Deceleration

Workshop Summary :

The Main objective of this workshop is to make the students and faculty conceptually and practically aware about.

.Industrial automation

• Control circuits

Number Of Participates: 100

OBJECTIVES OF WORKSHOP

- To train students in the knowledge of PLCs. To students and faculty conceptually and practically aware about
 - Industrial automation
 - Control circuits

ABOUT DESIGN MASTERS ENGINEERING SERVICES

DESIGN MASTERS ENGINEERING SERVICES is established by technology pioneers having decades of experience across India & Middle East in design, control and automation industry.

Our focus and growth will be on the training, consulting, outsourcing in the field of Electrical design, Industrial Automation, BMS, HVAC controls and other related sub systems in the Middle East and Indian subcontinent.

2. Dr. M. Sudhakarani - Asst. Professor
An Institute committed to quality education
MIST aims at providing learning with a
technology edge. Right from its inception
in 2001, it has turning itself to meet this
objective. It endeavors to provide
consistent training to the students to help
them evolve as competent professionals
in the highly competitive world.

About the Department:

The Department of E.E.E is working
with a mission to contribute through
excellence in them emerge as responsible
professionals. With its experienced
faculty members having excellent
academic technical education, with

its quality education, it imparts ethical &
moral values to the student's so as to make
backgrounds, it trains students
supplementing classroom lectures with
computer aided demonstrations making their
learning a rich and rewarding experience

About the Speakers:

- 1: Mr. S. Krishna Murthy Retd. General
Manager, BHEL, Hyderabad.
- 2: Dr. M.K. Elango professor & HOD Dept.
of EEE, K.S.Rangarany college of
Technology Tiruchengode- Tamil Nadu

About the college:

As an Institute committed to quality education, MIST aims at providing learning with a Technology-edge. It endeavors to provide consistent training to its students to help them evolve as competent professionals in the highly competitive world. Right from its inception in 2001, it has been tuning itself to meet this objective. A new civilization is emerging in our lives. This new civilization brings with it a new way of working. Millions are already tuning their lives to the rhythms of tomorrow.

About EEE Department:

The Department of E.E.E is working with a mission to contribute through excellence in technical education, with research orientation. It imparts ethical & moral values to the student's so as to make them emerge as responsible professionals. With its experienced faculty members having excellent academic backgrounds, it trains students supplementing classroom lectures with computer aided demonstrations making their learning a rich and rewarding experience

Resource Person:

1. Mr.P.Srinath
2. Mr.Srinivasulu Reddy
3. P.V.V.Satyanarayana

Dept. of Electrical & Electronics Engineering
Mahaveer Institute of Science & Technology
Vyasapuri, Bandlaguda, Hyderabad 500005.
(Affiliated to JNTUH)

Chief Patrons:

- Smt. S. Jayalaxmi Reddy, Chairman
Sri S. Surendar Reddy, Secretary
Sri S. Dhanunjay Reddy, Joint Secretary

Patron:

Dr. K S S S N Reddy, Principal

Academic Advisor:

Dr. H S N Murthy, Director

Topics:

- Day - 1: Renewable sources of Grid Supply Electricity space distributed generation
Day - 2: Design of Hybrid Solar Rooftop System
Day-3: Design of 100KW Solar Rooftop PV system
Day - 4: Calculations of Electricity generation costs
Day- 5: Model Electronics Control of Power Systems

Convener:

Mr.P.V.V.Satyanarayana,
Professor.&HOD,Dept.of EEE Engineering

Co-Conveners:(contact for details)

1. Mr.G.Prem kumar Reddy
2. Mr.A.Mahesh kumar Assistant Professor

Program Coordinators:

1. Mr.G Hathiram-Assistant Professor
2. Mr. B.Satish - Assistant Professor
3. Mrs.Divya-Assistant Professor
4. Mrs. Taskeen Ayesha-Assistant Professor
5. Mrs. K. S Bhargavi-Assistant Professor

Hyderabad,
Date: 20/03/2018

From:
Dr. T. Anil Kumar,
Professor, Dept. of EEE,
Amang Group of Institutions,
Verkatapur, Ghankasar, Medchal (Dist.),
Hyderabad,
Telangana- 500038

To:
The HOD,
Dept. of EEE,
MIST, Hyderabad

Dear Sir,

Sub: Acceptance of invitation for delivering guest lecture on 23/03/2018 -Communicated Reg.

Ref: Your invitation dated 19/03/2018

In view of reference cited above, it is very much convenient to me to deliver a talk on Dr.
Load Frequency Control in the Regulated Environment on 23/03/2018
This is for information and to make prior arrangements please.

Thanking you

Yours sincerely

Dr. T. Anil Kumar,
Professor, Dept. of EEE,
Amang Group of Institutions,
Verkatapur, Ghankasar, Medchal
(Dist.),
Hyderabad,
Telangana- 500038

Hyderabad,

Date: 19/03/2018

To
Dr. T. Anil Kumar,
Professor, Dept. of EEE,
Anatag Group of Institutions,
Vankatapur, Ghafnar, Medchal (Dist.),
Hyderabad,
Telangana- 500038
Dear Sir,

As you may be aware, we, MIST, are part of the reputed MAHAVEER GROUP OF EDUCATIONAL INSTITUTIONS and have been in the service of imparting quality education to the society for the past 18 years.

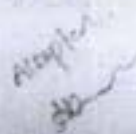

As part of our overall efforts to improve the outlook of students, we invite scientists, engineers, technicians, academicians and entrepreneurs of repute to visit our campus and share the latest technical developments and valuable learning's from their professional experience with our students. As a part of the 'Invited Technical Lecture' series, many individuals of repute have already delivered lectures at our institute for the benefit of our students and faculty.

As you are a well known expert with deep domain knowledge in the area of "LOAD FREQUENCY CONTROL IN DE-REGULATED ENVIRONMENT" it would be a great pleasure to us in inviting you to deliver your expert guest lectures to our students and faculty.

We are
The following in the schedule date of expert lectures 23/03/2018

Thanking you,

Yours sincerely,

HOD, EEE Department,
MIST.

THANKING LETTER

It is a great Pleasure for us to place on record that you had had delivered an excellent and inspiring Technical talk /Lecture on the topic on 'On' Load Frequency Control in De-Regulated Environment' on 23/03/2018 at our college for the benefit of our B.Tech. Student's.

We profoundly thank you for sparing your valuable time in making the session interesting and also program successful.

Workshop detail year:

Activity Name: Workshop

Title Name: *Advancements in High Voltage Engineering*

Date of Event: 5th July - 07th July, 2018

Name of Organizing Department: EEE

Name of coordinators : Dr. R. V. Amarnath, Mr. G. Prem Kumar Reddy

Name & Designation of Resource Person: Mr. Dr. V. Kamaraju

Former Principal, JNTUK.

Day 1:

- Natural causes of lightning phenomena.
- Overvoltage due to Switching surges, System faults and abnormal conditions.
- Characterization of DC magnetron sputtering system.

Day 2:

- Design and planning layout of HVE Laboratories.
- Activities and studies in HVE and UHV Laboratories

K. V. Reddy

PRINCIPAL
MAHAVEER
INSTITUTE OF SCIENCE & TECHNOLOGY
Bandlaguda, Hyd-500 005.

Day 3:

- Test-facilities provide in HV laboratories.
- Classification of High voltage Laboratories

Workshop Summary : This Workshop is a platform for discussion on Advancements in High voltage Engineering. It aims at encouraging research in the field by exposing the faculty & students from across the nation to experts in the field and by sharing their experience and ideas with peer group. It also focuses on the Switching surges, Designing and planning of HVE Laboratories.

Number Of Participates: 100

Schedule of the Program

Day1-

09:30AM to 10:00AM - Inaugural Session
10:00 AM to 10:15 AM - Tea Break
10:15 AM to 01:00 PM - Technical Session-I
01:00 PM to 02:30 PM - Lunch
02:00 PM to 04:00 PM - Technical Session-II

Day2-

09:30AM to 10:00AM - Inaugural Session
10:00 AM to 10:15 AM - Tea Break
10:15 AM to 01:00 PM - Technical Session-III
01:00 PM to 02:00 PM - Lunch
02:00 PM to 04:00 PM - Technical Session-IV

Day2-

10:00AM to 01:00PM - Technical Session-V
01:00 PM to 02:00 PM - Lunch

Certificate Distribution & Award Ceremony
02:00pm to 04:00pm

Venue:

Three day Fly-in Advancements in High Voltage Engineering

(5th July-07th July, 2018)
Timings: 09.30 am to 04.00 pm

Organized by

Dept. of Electrical & Electronics Engineering
Mahaveer Institute of Science & Technology
Vyasaपुरi, Bandlaguda, Hyderabad 500005
(Affiliated to JNTUH)

In collaboration with
Conscience Technologies

About the College

At an Institute committed to quality education, **MIST** aims at providing learning with a technology edge. Right from its inception in 2001, it has turned itself to meet this objective. It endeavors to provide consistent training to the students to help them evolve as competent professionals in the highly competitive world.

About the Department

The Department of Electrical & Electronics Engineering was established in 2001 which offers **B.Tech. and M.Tech (POWER Engineering and Energy Systems)** courses with highly qualified, dedicated and motivated faculty. The courses and programmes offered by the department not only impart technical expertise to the students but also gives a professional experience.

Organizing committee

Chief Patrons

Smt. S. Sudershan Reddy, Chairman, MIST
Sri. S. Surendar Reddy, Secretary, MIST

Patron

Dr. KSSSN Reddy, Principal, MIST

Convener

Dr. R.V. Amamath, Professor, HoD EEE Dept

Co-convener

Mr. G. Prem Kumar Reddy, Associate Prof. EEE

Program Coordinators

Mr. B. SATISH Assistant Professor, EEE
Mrs. N. SARASWATHI Assistant Professor, EEE
Mr. A. MAHESH Assistant Professor, EEE
Mr. T. Ravi Babu Assistant Professor, EEE
Mr. P. Phanindra, Assistant Professor, EEE
Mr. K. Suresh, Assistant Professor, EEE
Mr. B. Srinivasulu Assistant Professor, EEE

Course Details

- Natural causes of lightning phenomena
- Overvoltage due to Switching surges, System faults and abnormal conditions.
- Characterization of DC magnetron sputtering system.
- Design and planning layout of HVE Laboratories.
- Activities and studies in HVE and UHV Laboratories.
- Test-facilities provide in HV laboratories.
- Classification of High voltage Laboratories.

Resource Person

Mr. Dr. V. Kamaraju

Former Principal, JNTUK

INSTITUTE OF SCIENCE & TECHNOLOGY

Approved by AICTE, Affiliated to JNTU, Hyderabad.

Vyasapur, Bandlaguda, Post: Keshavgin, Hyderabad-500005.

Workshop detail year:

Activity Name: FDP

Title Name: Design of Renewable Energy System

Date of Event: 10th & 11th August-2017

Name of Organizing Department: EEE

Name of coordinators : Dr.R.V.Amarnath, Mr. P.V.V.Satyanarayana

Name & Designation of Resource

Person: Dr. S.Elango, K.S.College, TN

Day 1:

- Energy Scenario & Energy Forms
- Energy Conversion, Thermal systems
- Green Buildings, waste to Energy

Day 2:

- Solar Thermal Technologies
- Project & Financial Management in the Energy Sector
- Fuels & Combustion
- Small Hydropower Systems

Keshav
MAHA VEER
INSTITUTE OF SCIENCE & TECHNOLOGY
Bandlaguda, Hyd-500 005

Workshop Summary : Identify technology and metrology areas where training and sharing of best practices would be most beneficial for countries ,Start planning of workshops to improve local and regional measurement and standards infrastructure for renewable energy and climate science, Explore ways to promote regional and international partnerships to share approaches and best practices for expanded utilization of renewable energy, measurement of air quality, GHGs and other pollutants, and efficient energy use and distribution systems

Number Of Participates:80

About the College:
Mahaveer Institute of Science & Technology (MIST) established in the year 2003 by Mahaveer Educational Society. MIST offering B.A.G programs, GPU programs, and 3Diploma courses. As an institute committed to quality education, MIST aims at providing learning with a technology edge. Two critical aspects of preparation for success in the workplace are Education and Training, so that one will have the required knowledge, skills and a high level of self-motivation including initiative and responsibility.

About the Department:
The Department of Electrical & Electronic Engineering was established in 2003 which offers B.Tech. and M.Tech (POWER Engineering and Energy Systems) courses with highly qualified, dedicated and motivated faculty. The courses and programs offered in the department are well impart technical expertise to the students but also gives a professional experience.

Topics to be covered:

- Energy Scenario & Energy Power
- Energy Conversion, Thermal systems
- Green Buildings, waste to Energy
- Solar Thermal Technologies
- Project & Financial Management in the Energy Sector
- Fuel & Combustion
- Small Hydro-power Systems.

About the FDP:

- With today's high Demand for Construction, a small pool of available and trained trade workers, and the need to build quicker and smarter, finding ways to increase productivity and efficiency is every project team's goal.
- One increasingly popular words that is helping solve the dilemma of productivity. By connecting materials before they to the subjects, trade contractors are boosting their operations. Prefabrication decreases field installation time, increases quality and safety and reduces the amount of waste materials.

Who can participate:
All Engineering Faculty, Research Scholars and Industrial Persons.

Workshop detail year:

Activity Name: Workshop

Title Name:Advanced trends in Electric drives (AED) & Flexible AC Transmission Systems(FACTS)

Date of Event: (14th – 16th Dec 2016)

Name of Organizing Department:EEE

Name of coordinators :Dr.R.V.Amarnath,G.Prem Kumar Reddy

Name & Designation of Resource Person:

Day 1:1.The Use of FACTS Options to Permit Utilization of the Full Thermal Capacity of AC Transmission

2. An Introduction to Flexible AC Transmission Systems

Day 2:1.High-Power Semiconductor Devices for Flexible AC Transmission Systems

PRINCIPAL
MAHAVEER
INSTITUTE OF SCIENCE & TECHNOLOGY
Bandlaguda, Hyd-500 005.

2. Flexible AC Transmission System Devices for Economic Optimal Dispatch

3. Distribution System Automation

Day 3: 1. Flexible AC Transmission Control Strategies

2. Modern Trends of Electric Drives In Electric Traction System

3. Requirements of Traction System

4. Recent Trends in Electrical Traction System Multi-Stage Converters

Workshop Summary : FACTS or "flexible AC transmission systems" is a term that has been suggested for the use of solid state devices to control bulk power flow in transmission systems. The Electric Power Research Institute supported this idea, and many researchers have invested efforts on the value and potential of FACTS. At this time, it appears that the main value of FACTS lies in improving transmission capability: increasing the flexibility of power flow control (e.g., for wheeling or for economic dispatch); for controlling voltage (and/or flow); and possibly additional advantages in lower voltage systems (e.g., distribution systems).

About the College:
As Institute committed to quality education SJIST since its preceding learning with a technology edge. Right from its inception in 1991 it has been striving to meet the objective of students to provide consistent learning to the students to help them evolve as competent professional in the highly competitive world.

About the Department:
The Department of EEE is working with a mission to contribute through excellence in technical education, with research orientation. It imparts ethical & moral values to the students so as to make them emerge as responsible professionals. With its experienced faculty members having excellent academic backgrounds it trains students supplementing classroom lecture with computer aided demonstrations making their learning with and recording experience.

Dear Sir,

As you may be aware, we, MIST, are part of the reputed MAHAVEER group of educational institutions and have been in the service of imparting quality education to the society for the past 16 years.

As part of our overall efforts to improve the outlook of students, we invite scientists, engineers, technocrats, academicians and entrepreneurs of repute to visit our institute and share the latest technical developments and valuable learning's from their professional experience with our students. As a part of 'Invited Technical Lecture' series, many individuals of repute have already delivered lectures at our institute for the benefit of our students and faculty.

As you are a well known expert with deep domain knowledge in the area of SCADA AND SMART GRID it would be a great pleasure to us in inviting you to deliver your expert guest lectures to our students on SCADA.

We are thankful for accepting our request.

The following is the schedule of expert lectures on the subject.

- i. 27/10/2016(Thursday) or 31/10/2016(Monday)

Thanking you,
Accepted

Workshop detail year:

Activity Name: Workshop

Title Name: Advanced Industrial Automation system using PLC & SCADA

Date of Event: November 17th to 19th, 2016

Name of Organizing Department: EEE

Name of coordinators: Dr. R. V. Anamath, G. Prem Kumar Prasad,

Name & Designation of Resource Person:

Dr. S. Armugan, GRT, Thirutani

Day 1: PLC:

1. PLC Basic information and Inputs/Outputs Modules
2. Safety Circuits, PLC processors, Numbering systems
3. Timer, Counter instructions, Data Manipulation

PRINCIPAL
MAHAVEER
INSTITUTE OF SCIENCE & TECHNOLOGY
Bandlaguda, Hyd-500 005.

Day 2:

1. Analog Inputs & outputs and Troubleshooting PLC's

SCADA:

1. Introduction to SCADA, creating a new project in WINCC

Day 3:

1. Creating a connection to a PLC, Using the Graphics Designer.

2. Industrial Network security

Workshop Summary : main objective of the workshop is to create awareness among young Electrical Engineers about the current advances of research and importance of the knowledge of solving real life and industrial problems in the process of achieving the individual, collective and societal goals with sustainable technology, processes

Number Of Participates:60

About the college

As an Institute committed to quality education, MAVEER aims at providing learning with a Technology edge. It endeavours to provide continuous training to its students to help them evolve as competent professionals in the highly competitive world. Right from its inception, MAVEER has been trying itself to meet this objective. A new curriculum is emerging in our brain. This new curriculum brings with it a new way of working. Institutions are already rearing their heads in the depths of innovation.

About the Department

The Department of E.E.E is working with a mission to contribute through continuous technical education, with research, innovation & impact, global & local.

PLC SCADA

Objectives

The Department endeavours to provide comprehensive Computer engineering, problem solving, creativity, skills and those provide them with the performance and skill skills necessary to lead a successful career and powerful life and equip them with the qualifications necessary to contribute to society by performing in their respective chosen fields of endeavor.

Objectives of the workshop

The main objective of the workshop is to create awareness among young Electrical Engineers about the current advances of research and application of the knowledge of solving real life and industrial problems in the process of achieving the individual, collective and societal goals with sustainable technology, processes and products.

About the College

Mahaveer Institute of Science and Technology (MIST) established in the year 2001 by Mahaveer Educational Society MIST offering B.Tech programs, M.Tech programs and 1 Diploma courses. It is centrally connected to quality education. MIST aims at providing learning with a learning edge. It endeavors to provide consistent training to its students to help them make as competent professionals in the highly competitive world. Two critical aspects of preparation for success in the workplace are Education and Training, so that you will have the required knowledge, skills and a high level of self-motivation including initiative and responsibility.

About EEE Department

The EEE department was established with E.Tech Program in 2001 with intake of 60 students and this was increased to 120 students in 2006-2007. The Post-graduate Program M.Tech with EEE specialization was started in 2009 with intake of 15 students. Department focuses on to make innovative thinking engineers and to provide board based education in Electrical and Electronics Engineering. The department has full-fledged faculty members with experience in industry and teaching, which leads the students to get employment in the market. The department encourages the faculty members and the students to participate paper presentations, seminars, workshops and national and international conferences. The department encourages the faculty members to undertake research activities.

AIMS

DAY 1 MORNING SESSION (10AM-1PM)

TOPIC: PLC CONTROL SYSTEMS (PLC) IN INDUSTRIAL

Basics of relay (Contactors, Timers) On/off relay, push buttons, Functions, Strings, Ladder

PLC SYLLABUS

Automation introduction, Architecture of PLC, Addressing concepts in PLC (I/O, Data, Words), Bit logic, NO/NC, Set and Reset coil

DAY 1 AFTERNOON SESSION (2PM-4:30PM)

Transition delay/off delay relays, counters (up & down counters)

DAY 2 MORNING SESSION (10AM-1PM)

TOPIC: ANALOGUE INPUT/OUTPUT

Introduction to HMI | Designing in HMI software (I/O Configuration) | Operation of standard Display panels | Display panels-Textual and graphics

DAY 2 AFTERNOON SESSION (2PM-4:30PM)

TOPIC: VARIABLE FREQUENCY DRIVE

Selection and configuration (ON/OFF Command) | Max & Min frequency settings | Rated current Speed modulation | Acceleration & Deceleration

THANKING LETTER

It is a great Pleasure for us to place as record that you had had delivered an excellent and inspiring Technical talk /Lecture on the topic 'Power System Deregulation and Market Operations' on 14-10-17 at our college for the benefit of our B.Tech. Student's.

We profoundly thank you for sparing your valuable time in making the session interesting and also program successful.

MAHAVEER INSTITUTE OF SCIENCE & TECHNOLOGY

Approved by AICTE, Affiliated to JGU, Hyderabad.
Vyasaapur, Bandlaguda, Post - Keshavnagar, Hyderabad-500005

Workshop detail year: 2021

Activity Name: Faculty Development Programme

Title Name: An Introduction to VLSI backend Mentor Graphics Tools

Date of Event: 22nd April – 24th April, 2021.

Name of Organizing Department: ECE

Name of coordinators : Mr. K. Venkateswarlu
Assistant Professor
Dept. of ECE
MIST, Hyderabad

Name & Designation of Resource Person: Mr. Pradeep John,
Senior Application Engineer,
APPLY VOLT.

Workshop Summary :

Day-1:

- Overview of VLSI Design Flow, Tools and Methodology; System Architecture Design.
- Latest trends in ASIC Design, Design for Verification, DFT, Constraint driven Synthesis, STA
- Physical Design. Timing Driven P&R, Physical Verification, DFM etc.

Day-2:

- Challenges involved in design of Digital/Analog/Mixed Signal circuits for IP and System on Chip (SoC).
- Analog Design Modeling using Verilog-A and Simulation

Day-3:

- Emerging Applications of VLSI in IoT, Artificial Intelligence, DSP, Wireless Communications etc.
- Opportunities for Research in VLSI Design.

Number Of Participates: 161

Brochure:

Three day Online FDP programme on An Introduction to VLSI Backend Mentor Graphics Tools
(22nd April - 24th April, 2021)
Timing: 10am to 12pm

Organized by

Dept of Electronics & Communication Engineering
Mahaveer Institute of Science & Technology
Hyderabad, Bandlaguda, Hyderabad-500005
(Affiliated to JNTU)

In collaboration with APPLY VLSI

Objectives:
At the present globalized education, VLSI area is growing along with a technology edge. Right from its evolution in 2002, it has come a long way to meet the objectives. It endeavors to provide exposure during to the students to help them enter as successful professionals in the highly competitive world.

Academic Objectives:
The Department of Electronics & Communication Engineering was established in 2002 which offers B.Tech and M.Tech (VLSI Design) courses with highly qualified, dedicated and motivated faculty. The courses and practicals offered to the students are only impart technical expertise to the students but also give a professional domain.

Chief Patron:
Prof. S. Jeyaram, Chairman, MIST
In-charge, Bandlaguda, Hyderabad-500005

Patron:
Dr. J. Jayaram, In-charge, ECE Dept, MIST

Academic Advisor:
Dr. K. Srinivas, Director, MIST

Co-ordinator:
Dr. Jagan, In-charge, ECE Dept, MIST

Co-ordinator:
Dr. S. Srinivas, In-charge, ECE Dept, MIST

Programme Coordinator:
Dr. S. Srinivas, In-charge, ECE Dept, MIST
Dr. S. Srinivas, In-charge, ECE Dept, MIST
Dr. S. Srinivas, In-charge, ECE Dept, MIST
Dr. S. Srinivas, In-charge, ECE Dept, MIST
Dr. S. Srinivas, In-charge, ECE Dept, MIST

Programme:
Day-1:
• Overview of VLSI Design Flow, Tools and Methodology, System Architecture Design
• Fundamentals in ASIC Design, Design for Verification, DFT, Constraint driven synthesis, STA
• Physical Design, Timing Driven PDR, Physical Verification, DFM etc.
Day-2:
• Challenges involved in design of Digital/Analog/Mixed Signal circuits for IP and System on Chip SoC.
• Analog Design Modeling using Verilog-A and Simulation
Day-3:
Emerging Applications of VLSI in AI, Artificial Intelligence, IoT, Wireless Communications, etc.
• Opportunities for Research in VLSI Design.
Courseware provided: **EDA** and **APPLY VLSI**
Senior Application Engineer, APPLY VLSI

Course Objectives:
This FDP is a platform for students to gain hands-on experience in VLSI Design. It is an exciting opportunity for students to gain exposure to the latest trends in VLSI Design. The program will provide a comprehensive overview of the VLSI Design Methodology, covering all aspects of the design process from architecture to physical design and verification.

Target Audience:
This program is designed for students who are interested in pursuing a career in VLSI Design. It is suitable for students who have completed their undergraduate studies in Electronics and Communication Engineering or related fields.

Prerequisites:
Students should have a strong foundation in Digital Logic Design, Computer Architecture, and Verilog/VHDL. It is recommended that students have completed their undergraduate studies in Electronics and Communication Engineering or related fields.

Course Fee:
The course fee is INR 10,000. This fee includes all course materials, simulation licenses, and a certificate of completion.

Registration:
Interested students should register for the program by clicking on the 'Register Now' button. The registration deadline is 10th April 2021.

Contact:
For more information, please contact the program coordinator at apply.vlsi@mist.ac.in or call 080-26100000.

Dr. H.S.N. Murthy, Director, MIST

Convener

Dr. Jaspal Kumar, Professor, HoD ECE Dept.

Co-convener

Mr K. Venkateswarlu, Asst.Prof., ECE Dept

Program Coordinators

Mrs R.Priyanka, Assistant Professor, ECE Dept.
Mrs S.Soujanya, Assistant Professor, ECE Dept.
Ms K.Archiya, Assistant Professor, ECE Dept.
Mr Chi Sundeepp, Assistant Professor, ECE Dept.
Mr M.Chocanya, Assistant Professor, ECE Dept.

E-Certificate will be provided for active participants

Course Details

Day-1:

- Overview of VLSI Design Flow, Tools and Methodology; System Architecture Design.
- Latest trends in ASIC Design, Design for Verification, DFT, Constraint driven Synthesis, STA
- Physical Design, Timing Driven P&R, Physical Verification, DFM etc.

Day-2:

- Challenges involved in design of Digital/Analog/Mixed Signal circuits for IP and System on Chip (SoC).
- Analog Design Modeling using Verilog-A and Simulation

Day-3:

Emerging Applications of VLSI in IoT, Artificial Intelligence, DSP, Wireless Communications etc.

- Opportunities for Research in VLSI Design.

Resource Person: Mr. Pradeep John,

Senior Application Engineer,
APPLY VOLT.

Objectives of FDP

This FDP is a platform for discussion on recent trends in VLSI Design. It aims at encouraging research in the field by exposing the faculty from across the nation to experts in the field and by sharing their experience and ideas with peer group. It also focuses on the fundamentals of VLSI Design Methodology, testing and extensive lab work.

Who can Participate

Faculty members of various Universities, Colleges and Industries.

MAHAVEER

INSTITUTE OF SCIENCE & TECHNOLOGY

Approved by AICTE, Affiliated to JNTU, Hyderabad.

Vyasapuri, Bandlaguda, Post: Keshavnagar, Hyderabad-500005.

Workshop detail year: 2021

Activity Name: Webinar

Title Name: IOT Protocols

Date of Event: 6/9/2020

Name of Organizing Department: ECE

Name of coordinators : Mr. K. Venkateswarlu
Assistant Professor
Dept. of ECE
MIST, Hyderabad

Name & Designation of Resource Person: Mr. Srinivas,
Senior Application Engineer,
Pantech.

Webinar Summary :

- Message Queuing Telemetry Transport (MQTT)
- ZigBee.
- Bluetooth.
- Extensible Messaging and Presence Protocol (XMPP)
- Data-Distribution Service (DDS)
- Advanced Message Queuing Protocol (AMQP)
- Lightweight M2M (LwM2M)

Number Of Participates: 300

PRINCIPAL

MAHAVEER INSTITUTE OF SCIENCE & TECHNOLOGY

Approved by AICTE, Affiliated to JNTU, Hyderabad.
Vyasapur, Bandlaguda, Post: Keshavnagar, Hyderabad-500005

Workshop detail year: 2020

Activity Name: Workshop

Title Name: Embedded System Applications

Date of Event: 30th Jan –1st Feb, 2020

Name of Organizing Department: ECE

Name of coordinators : Mr. K. Venkateswarlu
Assistant Professor
Dept. of ECE
MIST, Hyderabad

Ms Roopa Lakshmi G
Assistant Professor
Dept. of ECE
MIST, Hyderabad

Name & Designation of Resource Person: Mr B.Harivendra Chary
CEO & Co-Founder Techieyan Technologies

J. Bala Krishna Reddy
Embedded System Engineer
Techieyan Technologies

Workshop Summary :

Day 1:

1. Introduction to Program
2. Applications of Embedded Systems
3. Introduction to Installation
4. Introduction to Software

Day 2:

1. Basics of Programming
2. Understanding Hardware and sensors
3. Complete Programming/Making Project

Day 3:

1. Execution of Complete Project by Hands-on
2. Project 1 & Projects 2
3. Q & A Session

EMBEDDED SYSTEMS WORKSHOP

ESTD 2001

1 day hands on workshop
JAN 10 '11 and FEB 1 '12

In collaboration with
Technoan Technologies

Resource Persons

Mr. S Hanumanth Chary
IIT and Co-founder of Technoan
Technologies

Mr. J Subrahmanya Reddy
Embedded Systems Engineer

Workshop Coordinator

Mr. E. Venkateshwarlu
Assistant Professor
Dept. ECE
Mob: 944-077-40
Email: ece.vsw@mist.ac@gmail.com

Last Date for Registration : 26/01/2009

Venue: Mahaveer Institute of Science and Technology
Registration Fee for Faculty : Rs. 500
for Students : Rs. 250

Page 1 of 1

Conducted by Department of
ELECTRONICS & COMMUNICATION ENGINEERING
MAHAVEER INSTITUTE OF SCIENCE & TECHNOLOGY
VYASAPURI, BANDLAGUDA
HYDERABAD 500005

3 day hands-on workshop
Jan 30, 31 & Feb 1, 2020

In collaboration with
TechieYan Technologies

Resource Persons

Mr. B Harivendrana Chary
CEO & Co-Founder
TechieYan Technologies

Mr. J Balakrishna Reddy
Embedded Systems Engineer
TechieYan Technologies

Workshop Coordinators

Mr. K. Venkateswarlu
Assistant Professor
Dept. of ECE

Mob: 9441677142
Email: kaya.venkateswarlu@gmail.com

Ms Roopa Lakshmi
Assistant Professor
Dept. of ECE
MIST, Hyderabad
Mob: 9493015029
Email: roopagmohan@gmail.com

Last Date for Registration : 28/01/2020
Registration Fee per faculty : Rs 500/-
per student : Rs 300/-

EMBEDDED SYSTEMS WORKSHOP

ESTD : 2001

Venue:
Department of Electronics & Communication Engineering
Mahaveer Institute of Science & Technology, Bandlaguda
Hyderabad 500005.

K. Venkateswarlu
PRINCIPAL
MAHAVEER
INSTITUTE OF SCIENCE & TECHNOLOGY

Course Content

An Embedded system is a combination of computer hardware and software, either fixed in capability or programmable, designed for a specific function or functions within a larger system.

Day 1:

1. Introduction to Embedded Systems
2. Applications of Embedded Systems
3. Introduction to Programming
4. Introduction to Software Installation

Day 2:

1. Basics of Programming
2. Understanding Hardware and Sensors
3. Complete Programming/Making Project

Day 3:

1. Execution of Complete Project by Hands-on
2. Execution of Project 1 & Project 2
3. Question & Answer Session

BENEFITS OF ATTENDING WORKSHOP

- Students who wants to travel around in a large field of interests which covers all the subjects.
- By working hands-on with the help of ideas and software will the workshop student will be exposed to new ideas, innovation.
- Students will be able to know how to solve the problems which they learn to solve them by interactive mode of learning.
- Students can work on the projects which are from the industry exposure.
- A complete understanding of the use of software and hardware.
- A complete understanding of Arduino Uno and ATMEGA 883 Micro controller.
- A complete understanding of Modules and Sensors.
- Making a project with 3D technology.

About Us - College

As an Institute committed to quality education, MIST aims at providing learning with a technology-edge. It endeavors to provide consistent training to its students to help them evolve as competent professionals in the highly competitive world. Right from its inception in 2001, it has been tuning itself to meet this objective.

A new civilization is emerging in our lives. This new civilization brings with it a new way of working. Millions are already tuning their lives to the rhythms of tomorrow.

The technological revolution and the forces of globalization are changing the very functioning of the organizations significantly in recent years.

Success nowadays, requires not only the ability to perform according to the requirements of the position, but also the ability to adjust and get along as a member of a working team. Two critical aspects of preparation for success in the workplace are Education and Training, so that you will have the required knowledge, skills and aptitude for self-motivation including the ability to take on challenges.

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

VISION:

To impart technical education with latest art of technology with scope for research and development, and groom the students with entrepreneurial and leadership skills to suit the challenging needs of Industry and Society.

MISSION:

M1: Provide contemporary technical education programs, in the field of ECE, and prepare for competitive employment, higher studies and entrepreneurial requirements.

M2: Provide comprehensive in depth knowledge with research orientation which are important and relevant to industry, society, environment and global needs.

M3: Organize specific programs to inculcate values and ethical practices to the students through co-curricular and extra-curricular activities.

Payment Details:

Cash/Cheque/DD in favour of Principal Mahaveer Institute of Science & Technology, Hyderabad.

Schedule of the Program

Day1-

09:30AMto10::00AM-InauguralSession
10:00 AM to 10:15 AM - TeaBreak
10:15 AM to 01:00 PM - Technical Session-I
01:00 PM to 02:00 PM - Lunch
02:00 PM to 04:00 PM - Technical Session-II

Day2-

09:30AMto10::00AM-InauguralSession
10:00 AM to 10:15 AM - TeaBreak
10:15 AM to 01:00 PM - Technical Session-III
01:00 PM to 02:00 PM - Lunch
02:00 PM to 04:00 PM - Technical Session-IV

Day2-

10:00AMto01:00PM-TechnicalSession-V
01:00 PM to 02:00 PM -Lunch

Certificate Distribution & Award Ceremony

02:00pm to 04:00pm

About the Institute
A top Institute established in year 2001, Mahaveer Institute of Science & Technology, with a technology edge, Right from its inception in 2001, it has always tried to meet the education & research needs of the industry. It is committed to bring them, make all necessary professionals at the right competitive world.

About the Department
The Department of Electronics & Communication Engineering, was established in 2001 which (An B Tech and M Tech (VLSI Design) course with highly qualified, dedicated and motivated faculty. The courses and programmes offered in the department not only impart technical expertise in the students but also gives a professional exposure.

Mr. S. Arshana, Assistant Professor, ECE Dept
Mr. Ch. Suresh, Assistant Professor, ECE Dept
Mr. M. Dhanya, Assistant Professor, ECE Dept
No. Co-facilities will be provided for administrative needs.

Course Details
Day 1
• Intro course: ASIC Design flow
• Basic DFT concepts: Testbenches for testing structural coverage
• Functional coverage
Day 2
• Introduction to System level simulation using model and timing
• Test pattern generation and all verification Test coverage
• Fault coverage: Test performance and analysis issues
Day 3
• Introduction to System level simulation using model and timing
• Automatic test pattern Schematic generation
• Layout Physical verification: Generating GDSII file
Resource Person: Mr. Pradeep John
Senior Application Engineer

Objectives of FDP
This FDP is a platform for discussion on the latest trends in VLSI design, it aims at encouraging researchers in the field to explore the latest tools, access the current progress in the field via its sharing their experience and also with joint group efforts to learn on the functionalities of VLSI design Methodology, testing and verification tool work.

Who will Participate
Faculty members of various Universities, Colleges and Industries.

About the Institute

As an Institute committed to quality education MIST aims at providing learning with a technology edge. Right from its inception in 2001, it has turning itself to meet this objective. It endeavors to provide consistent training to the students to help them evolve as competent professionals in the highly competitive world.

About the Department

The Department of Electronics & Communication Engineering was established in 2001 which offers B.Tech. and M.Tech. (VLSI, DECS) courses with highly qualified, dedicated and motivated faculty. The courses and programmes offered by the department not only impart technical expertise to the students but also gives a professional experience.

Organizing committee

Chief Patrons

Smt. S. Jayalaxmi, Chairman, MIST
Sri. S. Surendar Reddy, Secretary, MIST
Sri. S. Dhanunjay Reddy, Joint Secretary, MIST

Patron

Dr. K.S.S.S.N. Reddy, Principal, MIST

Academic Advisor

Dr. H.S.N. Murthy, Director, MIST

Convener

Dr. Jaspal Kumar, Professor, HoD, ECE Dept.

Co-convener

Mr. K. Venkateswarlu, Asst. Prof., ECE Dept.

Program Coordinators

Mrs. R. Priyanka, Assistant Professor, ECE Dept.
Mrs. S. Soujanya, Assistant Professor, ECE Dept.
Mrs. K. Archana, Assistant Professor, ECE Dept.
Mr. Ch. Sundeep, Assistant Professor, ECE Dept.
Mr. M. Cheenya, Assistant Professor, ECE Dept.

*E-Certificate will be provided for active participants

Course Details

Day-1

- Semi custom ASB design flow
- Basic DFT concepts, testbench for testing, simulation (code coverage)
- functional coverage

Day-2:

- Introduction to testent tool scan insertion using testent and testing
- Test pattern simulation and dft verification Test coverage
- Fault coverage Test performance and analysis views

Day-3:

- Synthesis flow Scan insertion with DRC checking
- Automatic test patterns schematic generation
- Layout Physical verification Generating GDSII file

Resource Person Mr. Pradeep John
Senior Application Engineer

Objectives of FDP

This FDP is a platform for discussion of recent trends in VLSI Design. It aims at encouraging research in the field by exposing the faculty team across the nation to experts in the field and by sharing their experience and ideas with peer group. It also focuses on the fundamentals of VLSI Design Methodology, testing and extensive lab work.

Who can Participate

Faculty members of various Universities, Colleges and Industries.

MAHAVEER INSTITUTE OF SCIENCE & TECHNOLOGY

Approved by AICTE, Affiliated to JNTU, Hyderabad,
Vyasaapur, Bandlaguda, Post: Keshavnagar, Hyderabad-500005

Workshop detail year: 2019

Activity Name: Seminar

Title Name: DSD with Fault Tolerance

Date of Event: 06-02-2019

Name of Organizing Department: ECE

Name of coordinators : K.Venkateswarlu

Name & Designation of Resource Person: Dr.Rajasree Rao, Professor

Lords Institute of Engineering & Technology

Seminar Summary :

- Introduction to Digital Design
- Test pattern simulation and DFT verification Test coverage
- Fault coverage Test performance and analysis views

Number Of Participates: 150

Workshop detail year: 2019

Activity Name: Faculty Development Programme

Title Name: VLSI Design using Mentor Graphics Tools

Date of Event: 24-04-2019 to 25-04-2019

Name of Organizing Department: ECE

Name of coordinators : Mr. K. Venkateswarlu
Assistant Professor
Dept. of ECE
MIST, Hyderabad

Mr. Ch.Sundeep Kumar
Assistant Professor
Dept. of ECE
MIST, Hyderabad

Name & Designation of Resource Person: Mr.Nagender Bandi

Senior Application Engineer

ApplyVolt

Workshop Summary :

Pyxis Schematic & Layout

Pyxis Layout, part of Mentor's new Pyxis Custom IC Design Platform, provides a fast and flexible environment for layout entry and editing. Pyxis Layout supports an extensive set of editing functions for efficient, accurate polygon editing.

Analog/Mixed-Signal Verification

Mentor Graphics provides world-class analog/mixed-signal (AMS) verification solutions for transistor-level circuitry from the latest FinFET-based process nodes to traditional analog processes.

Analog FastSPICE (AFS) Platform is the world's fastest nanometer circuit verification platform for analog, RF, mixed-signal, and custom digital circuits. More than 120 companies

Eldo Classic When accuracy matters designers choose Eldo Classic, Mentor's "golden" SPICE accurate circuit simulator, designed to address the complex needs of analog and mixed-signal designers.

Eldo RF The analysis and measurement capabilities of Eldo RF help designers verify complex RF IC designs more quickly and accurately. From simple compression or intermodulation analysis to complex digital modulation

Calibre

Calibre checks final mask writer data against the original GDSII definition to prevent mask writing with erroneous data. It supports the tracking of design updates by confirming the presence of desired changes in the final mask data independently of the fracture step.

Number Of Participates: 25

About the College

As an Institute committed to quality education MIST aims at providing learning with a technology edge. Right from its inception in 2001, it has turning itself to meet this objective. It endeavors to provide consistent training to the students to help them evolve as competent professionals in the highly competitive world..

About the Department

The Department of Electronics & Communication Engineering was established in 2001 which offers B.Tech, and M.Tech (VLSI, DECS) courses with highly qualified, dedicated and motivated faculty. The courses and programmes offered by the department not only impart technical expertise to the students but also gives a professional experience.

Organizing committee

Chief Patrons

Smt. S. Sudharshan Reddy, Chairman, MIST

Sri. S. Surendar Reddy, Secretary, MIST

Sri S. Dhanunjay Reddy, Joint Secretary, MIST

Patron

Dr.KSSN Reddy, Principal, MIST

Academic Advisor

Dr. H.S.N. Murthy, Director, MIST

Convener

Dr. Jaspal Kumar, Professor, HoD ECE Dept.

Co-convener

Mr.G.Roopa Lakshmi, Asst Prof., ECE Dept.

Program Coordinators

Mr.K.Venkateswarlu, Asst. Professor, ECE Dept.

Mrs.R.Priyanka, Assistant Professor, ECE Dept.

Mrs.S.Soujanya, Assistant Professor, ECE Dept.

Mrs.K.Archana, Assistant Professor, ECE Dept.

Mr.Ch.Sundeep, Assistant Professor, ECE Dept.

Mr.M.Cheenyā, Assistant Professor, ECE Dept.

Course Details

Introduction to MATLAB: Variables, Loops, Conditions, Functions, Numbers, Vectors, and Matrices in MATLAB.

Basics of Image Processing and Computer Vision. Various Optimization Techniques - Firefly Optimization, Genetic Algorithm, TLBO Optimization, Swarm Optimization, and Curve Fitting Tool. Neural Model, Back Propagation Architecture, Faster training-numerical optimization techniques, Feature Extraction, etc. Neural Network Toolbox K-Nearest Neighbor, Nearest Neighbor Intuition, Learning KNN model with features subset and with non-numeric data, Properties of KNN. Machine & Deep Learning, Recurrent & Convolution Neural Networks, LSTM and CNN, ANN and different feature extractions, and Applications

Resource Person: Mr. RamaKrishna

Senior Application Engineer,

Capricot Technologies Pvt. Ltd.

Objectives of FDP

Primary objective of this program is to provide an exposure to the participants with the essentials of MATLAB and some of the toolboxes based on Artificial Intelligence, Optimization, etc.

Develop conceptual and fundamental concept of Machine Learning elements.

Develop basic understanding of all key component of MATLAB for ML development.

Develop understanding of Data Science and Analytics.

Understand different types of Machine learning based algorithm.

Who can Participate

Faculty members of various Universities, Colleges and Industries.

Title Name: An Introduction to ARM Programming

Date of Event: 04-07-2016 to 06-07-2016

Name of Organizing Department: ECE

Name of coordinators : Ms. M.Cheena
Assistant Professor
Dept. of ECE
MIST, Hyderabad

Name & Designation of Resource Person: Mr. Anil Kumar,
Senior Application Engineer,
Conscience Technologies.

Workshop Summary :

- ARM architecture
- ARM internals: Caches, TCM, Exception handling, Trust zone etc.
- Instruction Set
- Thumb & Exception Handling
- Peripheral Programming with Cortex-M3 based Microcontroller
- Introduction to Linker IDE
- Linux Kernel Configuration and Compilation
- Introduction to Module Programming
- Driver Development
- Character Subsystem Development
- Device Mode
- Embedded Linux and BSP development on Cortex-A8 based board
- Embedded Linux Development using Build Root
- Porting Embedded Linux on ARM
- Cortex-A series Processor
- Case Study: External Peripheral Interfacing

A

Three day Hands-on Workshop on An Introduction to ARM Programming

(04th July–06th July, 2016)

Timings: 09.30 am to 04.00 pm

Organized by

Dept. of Electronics & Communication Engineering
Mahaveer Institute of Science & Technology
Vyasapuri, Bandlaguda, Hyderabad 500005.
(Affiliated to JNTUH)

In collaboration with
Conscience Technologies

About the College

As an Institute committed to quality education **MIST** aims at providing learning with a technology edge. Right from its inception in **2001**, it has turning itself to meet this objective. It endeavors to provide consistent training to the students to help them evolve as competent professionals in the highly competitive world.

About the Department

The Department of Electronics & Communication Engineering was established in **2001** which offers **B.Tech, and M.Tech (VLSI, DECS)** courses with highly qualified, dedicated and motivated faculty. The courses and programmes offered by the department not only impart technical expertise to the students but also gives a professional experience.

Organizing committee

Chief Patrons

Smt. S.Sudershan Reddy, Chairman, MIST
Sri. S. Surendar Reddy, Secretary, MIST
Sri S. Dhanunjay Reddy, Joint Secretary, MIST

Patron

Dr.KSSN Reddy, Principal, MIST

Convener

Dr.B.Visvesvara Rao, Professor, HoD ECE Dept.

Co-convener

Mr.K. Venkateswarlu, Asst Prof., ECE Dept.

Program Coordinators

Mrs.R.Priyanka, Assistant Professor, ECE Dept.
Mrs.S.Soujanya, Assistant Professor, ECE Dept.
Mrs.K.Archana, Assistant Professor, ECE Dept.
Mr.Ch.Sundeep, Assistant Professor, ECE Dept.
Mr.M.Cheenya, Assistant Professor, ECE Dept.
Mrs.MN.Deepa, Assistant Professor, ECE Dept.
Mr.A.Laxman, Assistant Professor, ECE Dept.

Course Details

- ARM architecture
- ARM internals: Caches, TCM, Exception handling, Trust zone etc.
- Instruction Set
- Thumb & Exception Handling
- Peripheral Programming with Cortex-M3 based Microcontroller
- Introduction to LinK+ IDE
- Linux Kernel Configuration and Compilation
- Introduction to Module Programming
- Driver Development
- Character Subsystem Development
- Device Model
- Embedded Linux and BSP development on Cortex-A8/A9 based board
- Embedded Linux Development using Build Root
- Porting Embedded Linux on ARM CortexA series processor
- Case Study: External Peripheral Interfacing.

Resource Person: Mr. Anil Kumar,

Senior Application Engineer,
Conscience Technologies.

Objectives of Workshop

This Workshop is a platform for discussion on recent trends in Embedded system Design. It aims at encouraging research in the field by exposing the faculty & students from across the nation to experts in the field and by sharing their experience and ideas with peer group. It also focuses on the fundamentals of Embedded system programming and extensive lab work.

Who can Participate

Students and Faculty members of various Universities, Colleges and Industries.

Mahaveer Institute of Science & Technology
Bandlaguda, Hyderabad

FDP ON CLOUD COMPUTING WITH AWS(30/06/2020 TO 4/07/2020)

Cloud Computing is one of the leading Technology in the current industry requirements for managing of various services which includes creation of virtual machines, storing of data in cloud, managing security permissions, monitoring of various process running in cloud.

FDP detail year: 2020

Activity Name: FDP

Title Name: CLOUD COMPUTING WITH AWS

Date of Event: 30/06/20 TO 04/07/20

Name of Organizing Department: Department of Computer Science And Engineering
&Information Technology

Name of coordinators: B. seva naik Asst.Professor

K.V.B.K. Naga sree ,Asst.professor

Name & Designation of Resource Person: WebTek Technologies

Session: 10:00.A.M -12.00.P.M

Workshop Summary In this Introduction to Cloud Computing with Amazon Web Services training course, expert author Mark Nunnikhoven will teach you about AWS and how to deploy a web application in AWS. This course is designed for the absolute beginner, meaning no experience with Amazon Web Services is required. You will start by learning about AWS specific concepts, then jump into deploying WordPress on AWS. From there, Mark will teach you how to create a strong foundation, including configuring IAM for deployment and setting up CloudTrail. This video tutorial also covers deploying a secure networking configuration, deploying a server, and deploying a relational database. Finally, you will learn how to implement a backup strategy

MAHAVEER

INSTITUTE OF SCIENCE & TECHNOLOGY
 Approved by AICTE, Affiliated to JNTUH, Hyd.

About the College

MAHAVEER Institute of Science & Technology (MIST) was established in the year 2001 by MAHAVEER Educational Society. MIST offers B.Tech programs, M.Tech programs, and Ph.D. programs. As an institute committed to quality education, MIST's aim is providing learning with a technology edge. The highest quality of preparation for success in the workplace are Education and Training. Its students will have the required knowledge, skills and a high level of self-discipline, initiative, innovation and responsibility.

About CSE Department

The CSE department is established with B.Tech, M.Tech and Diploma program. The department mission is to make innovative thinking Engineers and to produce skilled software engineers. The department nurtures the faculty members and the students to participate Paper presentations, Seminars, Workshops, National and International Conferences and Research Activities.

About IT Department

The department of IT was established in the year 2003 and provides the store of knowledge of students effectively which meet the highest level of competency required by the industry. With an experienced faculty members having excellent academic background, current students experiencing classroom lectures with computer aided demonstrations making their learning a rich and rewarding experience.

Objective (I)

Cloud computing is one of the leading technology in the current industry requirements for managing of various services which includes creation of virtual machines, storing of data in cloud, manage security permissions, monitoring of various process running in cloud.

Objectives

- Day 1:**
- Introduction to Cloud Computing
 - Traditional Computing Vs Cloud Computing
 - Advantages & Disadvantages
 - Types of services in cloud
 - Types of cloud computing
- Day 2:**
- Working with form factor with cloud
 - AWS Account creation
 - Cloud Architecture
 - Setup of EC2, S3, IAM
 - Payment methods to AWS
- Day 3:**
- Working with Elastic Load Balancing, Amazon Elb, Auto Scaling
 - Creating a Wordpress service on AWS
- Day 4:**
- IAM user Authentication
 - MFA Security, Credentials
 - Creation of Groups
 - Enumeration of policies
 - Attachment of policies to different users and Groups
- Day 5:**
- Introduction to S3
 - Creation of Buckets and Uploading of Content into the Bucket
 - Setting of Access Policies
 - S3 Versioning
 - S3 Cross Region Replication policy
 - Life Cycle management
 - Replicating Domain Name with Route 53 Creating a Static Website using Domain Name

* E-certificate will be issued for active participants

FDP on Data science using R (30/06/20 TO 17/06/20)

A good data scientist is a passionate coder/ Language for a statistician to learn than R. It's a popular skill among Big Data analysts and data scientists most sought after by some of the biggest brands. In addition, R's commercial applications increase by the minute, and companies appreciate its versatility.

Faculty Development Program detail year: 2020

Activity Name: Faculty Development Program

Title Name: Data Science with R Programming

Date of Event: 12/06/20 TO 17/06/20

Name of Organizing Department: Department of Computer Science And Engineering
&Information Technology

Name of coordinators: S. Sreenivas Assistant Professor

V.Naresh Kumar Reddy Assistant Professor

Name & Designation of Resource Person: WebTek Technologies

Session: 10:00 A .M - 12.00 P.M

Workshop Summary: Today, data is at the heart of every successful organization, with data professionals playing a pivotal role in business decisions. The World Economic Forum predicts that by 2020, skills will be more important than job titles as the labour market moves towards multi-faceted professionals rather than singularly specialised ones. Keeping in mind this growing trend, now is the time to upskill so that the world is your oyster.

To help you learn the skills required to be successful in a data-driven world, IIM Kozhikode has launched . This programme is designed for professionals from any domain looking to advance their careers. It will provide you with skills that will give you an insight into modern data science practices.

About the college:

As an Institute committed to Quality Education, MIST aims at providing learning with a real-time experience. It endeavors to provide real-time learning to its students to help them to be successful professionals in the highly competitive world. Right from its inception in 2001, when it was being started to meet this objective, a new evolution is emerging in our lives. This new evolution brings with it a new way of working. Mist is already, taking their first steps to the rhythm of tomorrow.

About CSE & IT Dept:

The Department of CSE & IT provides the base of knowledge of students effectively with an adequate level of competency required by the industry. With its experienced faculty members having excellent academic background, a well-stocked well-equipped classroom, lectures with computer aided demonstrations making the learning a fun and rewarding experience.

Objectives of the FDP:

1. R Programming language and data analysis.
2. To train the participants in accessing data from various sources.
3. To develop confidence as Independent R Programmer and Data Analyst.

Why Learn R

A good data scientist is a passionate coder. Language for an analyst is less than R. It's a popular skill among Big Data analysts and data scientists most sought after by some of the biggest brands. In addition, R's commercial applications increase by the minute and computing applications variety.

It runs on all major operating systems. R can be run on Windows, Mac OS X and Linux. It can also import data from Microsoft Excel, Microsoft Access, Microsoft SQL Server, Oracle and other programs.

3- Day Workshop On Web Design &Development With Php/Mysql (05/03/2020-07/03/2020)

The departments of CSE & IT organized a three days National level workshop on **Web Design & Development with PHP/MYSQL**. PHP/MYSQL are the most popular open source database and scripting in the current trend.php is a servers ide scripting language it creates dynamic web pages with customized features. PHP/Mysql development offers fastest economic web development solutions for creating dynamic web applications.

Title Name: Web Design &Development with Php/MySQL

Date of Event:05/03/2020 TO 07/03/2020

Name of Organizing Department: Department of CSE and IT

Name of coordinators: K. Giri Babu, Asst. professor,

V. Naresh Kumar Reddy, Asst. professor

Name of Resource Person: Mr.R. Jishnu

Session: 10:00 A.M TO 12:00 P.M

Workshop Summary: Website is the best way for publishing information and branding an organization. So, I have designed the web site on Islamic University, Bangladesh to spread the name and frame of the same globally. For designing the website, I have used HTML and CSS for web designing, PHP and MySQL have been used for developing of this site. In addition, I have taken help from many online web designing and developing tools. In this site information about the CSE department has been given. There is a short portrayal in this website about the university itself, the administrative setup, the department of the university and their faculties academic information and simple database for retrieving result of the students

Workshop detail year:2020

3 Day Workshop On Machine Learning (27/02/2020-29/02/2020)

We organized A Three-day National Level Hands-on Workshop on Machine Learning. The workshop includes a complete practical approach to the current happening technology of the industry i.e., Machine Learning using Python language. Students will be trained to work on a few real-time data sets during the 3 days of the workshop.

Activity Name: Workshop

Title Name: Machine Learning

Date of Event:27/02/2020 TO 29/02/2020

Name of Organizing Department: Department of CSE and IT

Name of coordinators: M. Srineevas Reddy, Asst.professor,

B. Mallaiah, Asst.professor,

Name of Resource Person:

Session: 10:00 A.M TO 12:00 P.M

Workshop Summary: Machine learning (ML) is a type of artificial intelligence (AI) that allows software applications to become more accurate at predicting outcomes without being explicitly programmed to do so. Machine learning algorithms use historical data as input to predict new output values. Machine learning is an application of artificial intelligence (AI) that provides systems the ability to automatically learn and improve from experience without being explicitly programmed. Machine learning focuses on the development of computer programs that can access data and use it to learn for themselves.

Workshop detail year: 2020

Workshop On Angular Js (31/01/2020 T-01/02/2020)

CSE & IT departments organized workshops on ANGULAR JS from 31-01-2020 to 01/02/2020. AngularJS is a JavaScript framework developed by Google. It is creating ripples across the industrial circle. Organizations have started rewriting their web postures with angularJS. This is especially true with the Single Page Architecture (SPA); this is revolutionizing the industry due to its primary advantage with mobile related developments.

Activity Name: Workshop

Title Name: Angular JS

Date of Event: 31/01/2020 TO 1/02/2020

Name of Organizing Department: Department of CSE and IT

Name of coordinators: K.sudhakarudu, Asst.professor

V. Naresh kumar Reddy, Asst.professor

Name & Designation of Resource Person: Pantek

Session: 10:00 A.M TO 12:00 P.M

Workshop Summary: AngularJS is a structural framework for dynamic web apps. It lets you use HTML as your template language and lets you extend HTML's syntax to express your application's components clearly and succinctly. AngularJS's data binding and dependency injection eliminate much of the code you would otherwise have to write. Angular is a platform and framework for building single-page client applications using HTML and TypeScript. Angular is written in TypeScript. It implements core and optional functionality as a set of TypeScript libraries that you import into your applications.

Activity Name: Workshop

Title Name: Microsoft Azure

Date of Event:19/11/2019

Name of Organizing Department: Department of CSE and IT

Name of coordinators: B. Seva Naik, Asst .professor,

S. Sreenivas, Asst .professor

Name & Designation of Resource Person:Mr. Narender Muthyam

Session: 10:00 A.M TO 12:00 P.M

Workshop Summary: Microsoft Azure, formerly known as Windows Azure, is Microsoft's public cloud computing platform. It provides a range of cloud services, including compute, analytics, storage and networking. At its core, Azure is a public cloud computing platform—with solutions including Infrastructure as a Service (IaaS), Platform as a Service (PaaS), and Software as a Service (SaaS) that can be used for services such as analytics, virtual computing, storage, networking, and much more. Azure is Microsoft's public cloud platform. Azure offers a large collection of services including platform as a service (PaaS), infrastructure as a service (IaaS), and managed database service capabilities. Azure, like other cloud platforms, relies on a technology known as virtualization.

FDP detail year: 2019

Activity Name: Faculty Development program

Title Name: Internet of Things

Date of Event: 08/07/2019 TO 09/07/2019

Name of Organizing Department: Department of CSE and IT

Name of coordinators: K.Giri Babu, Asst.professor,

Mallaiah, Asst.professor,

Name & Designation of Resource Person: Mr. Kalyan kanike

Session: 10:00 A.M TO 12:00 P.M

Workshop Summary: A thing, in the context of the Internet of things (IoT), is an entity or physical object that has a unique identifier, an embedded system and the ability to transfer data over a network. The goal behind the Internet of things is to have devices that self-report in real-time, improving efficiency and bringing important information to the surface more quickly than a system depending on human intervention. The Internet of Things (IoT) refers to a system of interrelated, internet-connected objects that are able to collect and transfer data over a wireless network without human intervention. The personal or business possibilities are endless.

Workshop detail year: 2018-2019

Activity Name: Workshop

Title Name: Ethical Hacking and Cyber Security

Date of Event:04/10/2018 TO 05/10/2018

Name of Organizing Department: Department of CSE and IT

Name of coordinators: M. Sreenivas Reddy, Asst.professor

V. Naresh Kumar Reddy Asst.professor

Name & Designation of Resource Person: Prof.Dr.Selva kumar,HOD IT,Annamalai university

Session: 10:00 A.M TO 12:00 P.M

Workshop Summary: Ethical Hacking is an authorized practice of bypassing system security to identify potential data breaches and threats in a network. The company that owns the system or network allows Cyber Security engineers to perform such activities in order to test the system's defenses Ethical hacking involves an authorized attempt to gain unauthorized access to a computer system, application, or data. Carrying out an ethical hack involves duplicating strategies and actions of malicious attackers. Also known as "white hats," ethical hackers are security experts that perform these assessments White hat hacking or ethical hacking is an effective way to combat cyber-attacks, and help organizations and professionals understand the vulnerabilities in a network. If ethical hackers are able to get in, chances are that cyber criminals could as well

FDP detail year: 2018

Activity Name: Faculty Development Program

Title Name: Introduction to Big Data Analytics

Date of Event: 12/04/2018

Name of Organizing Department: Department of CSE and IT

Name of coordinators: Jakkeer Hussian, Asst.professor,

Mallaiah, Asst.professor

Name & Designation of Resource Person: Mr.S. Shanmughavel trainer manager ICT Academy

Session: 10:00 A.M TO 12:00 P.M

Workshop Summary: Big data analytics helps businesses and organizations make better decisions by revealing information that would have otherwise been hidden. Meaningful insights about the trends, correlations and patterns that exist within big data can be difficult to extract without vast computing power. Big data analytics is the use of advanced analytic techniques against very large, diverse data sets that include structured, semi-structured and unstructured data, from different sources, and in different sizes from terabytes to zeta bytes.

Workshop detail year: 2017

Activity Name: Workshop

Title Name: Android Application Development

Date of Event:23/03/2017 TO 25/03/2017

Name of Organizing Department: Department of CSE and IT

Name of coordinators: D. Ramana Kumar Associate Professor

S. Sreenivas Assistant Professor

Name & Designation of Resource Person:Mr.Md.Shabbir

Session: 10:00 A.M TO 12:00 P.M

Workshop Summary: Android software development is the process by which applications are created for devices running the Android operating system. Google states that "Android apps can be written using Kotlin, Java, and C++ languages" using the Android software development kit (SDK), while using other languages is also possible. The official language for Android development is Java. Large parts of Android are written in Java and its APIs are designed to be called primarily from Java. It is possible to develop C and C++ app using the Android Native Development Kit (NDK), however it isn't something that Google promotes.

About the College

As a young institute a quality education is a primary concern. We are striving to provide quality education to our students to help them evolve as competent professionals to fight against the challenges of the 21st century. We are trying our best to meet this objective. A new curriculum is being evolved to meet the needs of the industry. We are striving to provide quality education to our students to help them evolve as competent professionals to fight against the challenges of the 21st century.

About CSE & IT Dept

The Department of CSE & IT provides a lot of knowledge of students effectively which can be taken into the industry. With an experienced faculty members having excellent academic background a vast array of applications classroom lectures with computer aided learning tools to help a lot of rewarding experience.

About the Workshop

Android software development is the process by which applications are created for devices running the Android operating system. "Android apps can be written using Kotlin, Java, and C++ languages" using the Android software development kit (SDK). The SDK also provides a way to create Java code. All non-JVM languages, such as Go, Rust, C, C++, or JavaScript, need the help of JVM language code, that may be supplied by the app or system. All apps, Java, Kotlin, C++ or JavaScript, need the help of JVM language code to support for both Android and iOS.

MAHAVEER

INSTITUTE OF SCIENCE & TECHNOLOGY

Approved by AICTE, Affiliated to JNTUH, Hyd.

Workshop detail year: 2017

Activity Name: Workshop

Title Name: Block chain Technologies

Date of Event: 05/01/2017

Name of Organizing Department: Department of CSE and IT

Name of coordinators: D. Ramana Kumar Associate Professor

S. Sreenivas Assistant Professor

Name & Designation of Resource Person: Mr. Raghunath

Session: 10:00 A.M TO 12:00 P.M

Workshop Summary: Blockchain is a system of recording information in a way that makes it difficult or impossible to change, hack, or cheat the system. A blockchain is essentially a digital ledger of transactions that is duplicated and distributed across the entire network of computer systems on the blockchain. Business runs on information. The faster it's received and the more accurate it is, the better. Blockchain is ideal for delivering that information because it provides immediate, shared and completely transparent information stored on an immutable ledger that can be accessed only by permissioned network members. A blockchain network can track orders, payments, accounts, production and much more.

About the College

As an Institute committed to quality education, MIT was a pioneer among the technology institutes to address the needs of the students to help them evolve as competent professionals in the highly competitive world. The Institute has a vision to be the best among all to meet this objective. A new civilization is emerging in the world. The vibrant steps are the steps of today which are shaping their lives in the dynamics of tomorrow.

About CSE & IT Dept.

The Department of CSE & IT provides the finest of knowledge at most cheap which cost the highest level of competency required by the industry. We are equipped with modern latest computer software hardware & state-of-the-art applications. Our courses are computer aided demonstrations making their learning rich and rewarding experience.

About the Workshop

Block chain is a system of recording information in a way that makes it difficult to tamper or change, but, is cheap the system. A block chain is usually a type of ledger of transactions that is duplicated and distributed across the entire network of computer systems on the block chain. Each block in the chain contains a number of transactions, and every time a new transaction occurs on the block chain, a part of its message is added to every participant's ledger.

Workshop detail year: 2016

Activity Name: Workshop

Title Name: Artificial Intelligence & Machine Learning

Date of Event: 22/01/2016

Name of Organizing Department: Department of CSE and IT

Name of coordinators: D. Ramana Kumar Associate Professor

S. Sreenivas Assistant Professor

Name & Designation of Resource Person: Hema sri

Session: 10:00 A.M TO 12:00 P.M

Workshop Summary: Artificial intelligence is a technology which enables a machine to simulate human behavior. Machine learning is a subset of AI which allows a machine to automatically learn from past data without programming explicitly. The goal of AI is to make a smart computer system like humans to solve complex problems. AI is an automated decision-making system, which continuously learn, adapt, suggest and take actions automatically. At the core, they require algorithms which are able to learn from their experience. This is where Machine Learning comes into the picture.

About the College
 As an institute committed in quality education, MIST aims at providing learning with a Technology edge. It endeavors to provide consistent training to its students to help them evolve as competent professionals in the highly competitive world. Right from its inception in 2008, it has been tuning itself to meet this objective. A new civilization is emerging in our lives. This civilization brings with it a new way of working. Millions are already tuning their lives to the rhythms of tomorrow.

About CSE & IT Dept.
 The Department of CSE & IT quenches the thirst of knowledge of students effectively which meets the highest level of competency required by the industry. With its experienced faculty members having excellent academic backgrounds, it trains students supplementing classroom lectures with computer aided demonstrations making their learning a rich and rewarding experience.

About the Workshop
 Artificial Intelligence and machine learning are the part of computer science that are correlated with each other. These two technologies are the most trending technologies which are used for creating intelligent systems. Artificial Intelligence is a field of computer science which makes a computer system that can mimic human intelligence. It is comprised of two words "Artificial" and "Intelligence", which means "a human-made thinking power".

About the College:

Mahaveer Institute of Science & Technology
(MIST) established in the year 2001 by Mahaveer

About the Department:

The Civil Engineering Department of the college was established in 2011 which offers B-Tech and Diploma courses with highly qualified, dedicated and motivated faculty. The courses and programmes offered by the department not only impart technical expertise to the students but also give a professional experience.

Topics to be covered:

Day 1:

- Introduction to Prefab Technology
- Modern materials in Prefab Technology
- Modular and Modern Prefab Building Technology

Day 2:

- Introduction to building Information Modelling and its Benefit in Civil Engineering
- Building Information Modelling in Prefab Technology

- Introduction to Sketchup 3D and its Benefit in Civil Engineering

Day 3:

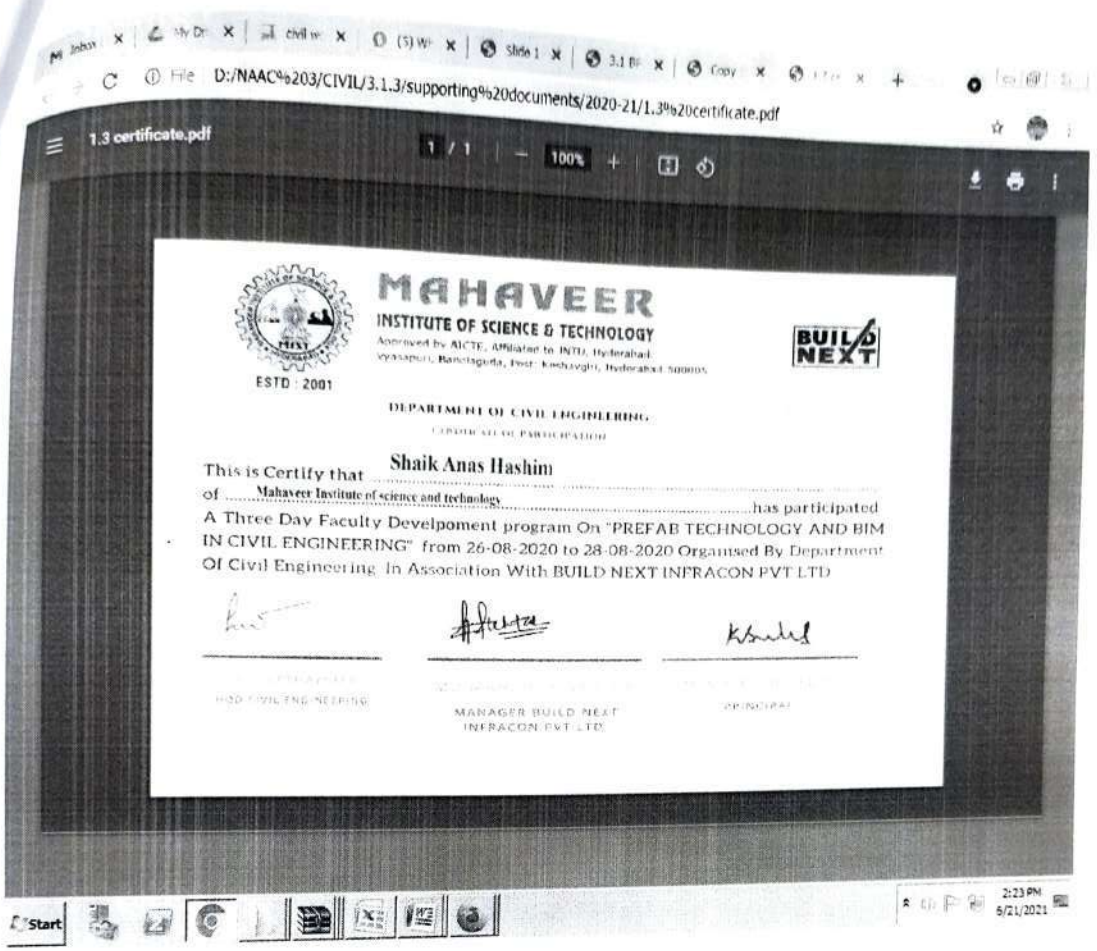

- Steel Structure presentation in Sketchup Software
- Pre fab and other conventional BIM in Sketchup.
- Current Best Projects in the world.

About the FDP:

- With today's High Demand for Construction, a small pool of available and trained trade workers, and the need to build quicker and smarter, finding a way to increase productivity and efficiency is every project team's goal.

1. YEAR:-2020-21

ACTIVITY NAME : **3 days fdp program on Emerging Technologies in Civil Industry associated with KG MECH pvt.ltd** by mahaveer instistute of science and technology ,civil department

2. Title: faculty development program(FDP)
3. date time: 11-08-2020 to13-08-2020/11.30 am to 1.00 pm
4. name of the organizing department: Civil engineering
5. name of the co-0rganization: with KG MECH pvt.ltd
6. Name of the Designation of Resource person: Mohd Abdul Nayeem Technical Manager

DAY-1:

- Introduction to Building services
- Introduction to Revit software& applications of software in high rise buildings
- Rivet Tools.

DAY-2:

- Introduction of project &family templates ,
- ribbon tools. Levels or Elevation, creation of architecture♣ 3D model.
- family types.

DAY-3:

- Linking the Cad files in revit . Interior design
- material creation . Massing
- site , Topo surface. Walkthrough.

Mohd Abdul Nayeem

7. workshop summery:

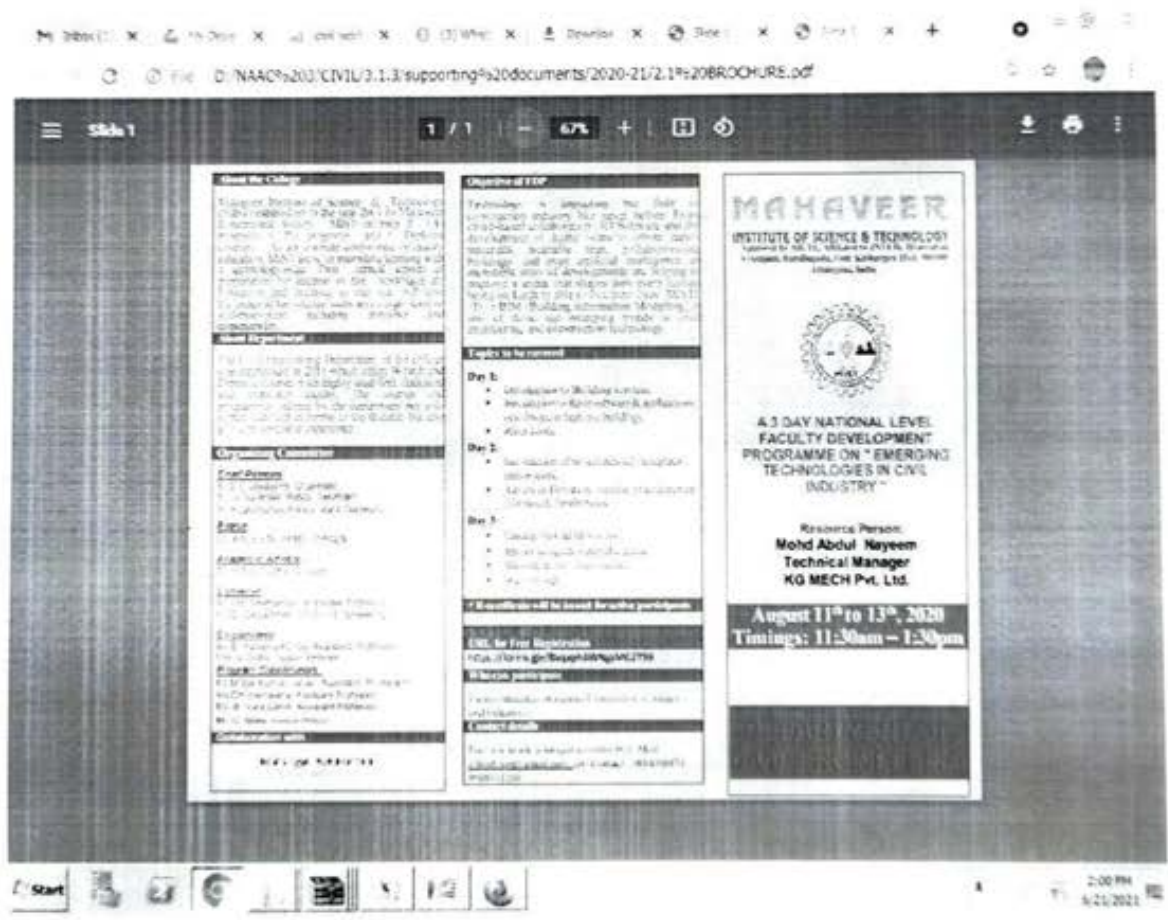

Technology is impacting the field of construction industry like never before. From cloud-based collaboration, 3D Software and the development of digital twins to robots, supermaterials, wearable tech, pollution-eating buildings, and even artificial intelligence an incredible array of developments are helping to improve a sector that shapes how every human being on Earth is able to live their lives. REVIT 3D or BIM (Building information Modelling) is one of those top emerging trends in civil engineering and construction technology..

Program Coordinators:
Dr. M. Vasantha Laxmi - Assoc. Professor
K. Sai Pradeep - Asst. Professor
P. Anil - Asst. Professor
Mobile No. 8019804651

Topics:
Day-1: Introduction about Projects and Project Management
Day-2: EPS, OBS, Projects, Calendars, WBS, User preferences
Day-3: Scheduling, Resources, Activity types, Base lines, Earned values, Reports

About the College:
As an Institute committed to quality education MIST aims at providing learning with a technology edge. Right from its inception in 2001, it has been striving to meet this objective. It endeavours to provide consistent training to the students to help them evolve as competent professionals in the highly competitive world. Success now-a-days requires the ability to adapt and get along as a member of working team.

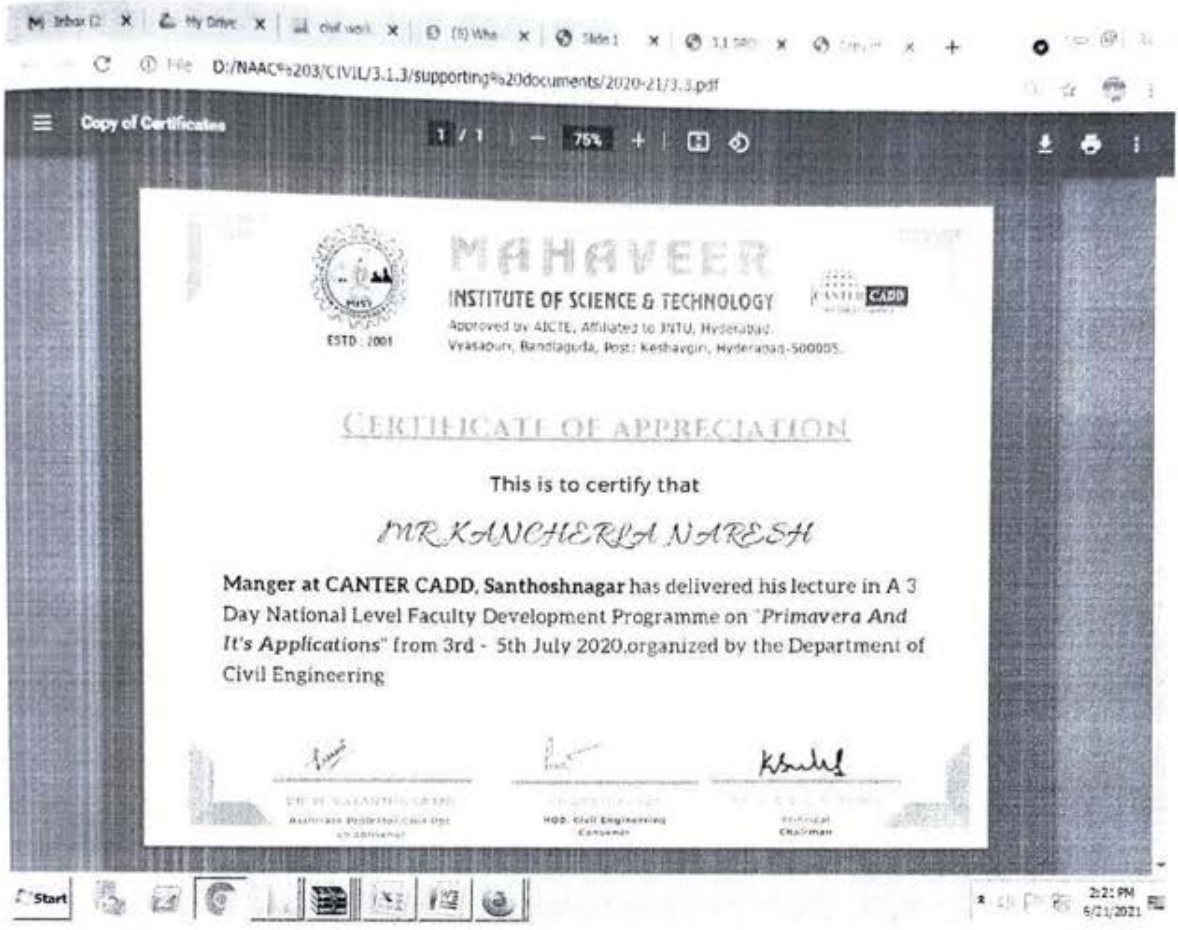

About the Department:
The Civil Engineering Department of the college was established in 2011 which offers B.Tech. and Diploma courses with highly qualified, dedicated and Motivated faculty. The courses and programmes offered by the department not only impart technical expertise to the students but also give a professional experience.

Resource Persons:
Narosh Kancharla
Manager at Camtec CAD/CAM India Pvt Ltd

DAY-1:

Total Station Field Data to Computer

Plotting Survey Data in AutoCAD

Area Calculations

CAD Drawings

DAY-2:

Angle Measurements

Distance Measurement

DAY-3:

Co-Ordinate Measurement

7. workshop summery:

Main purpose of workshop was to make students aware of Modern surveying instruments as they have subject of Advanced surveying in their academics. Total station is advanced surveying

Mahaveer Institute of Science & Technology (MIST) established in the year 2001 by Mahaveer Educational Society. MIST offering B.Tech, UG programs, PG programs, and 5 - Diploma courses. As an institute committed to quality education, MIST aims at providing learning with a technology edge. Two critical aspects of preparation for success in the workplace are Education and Training, so that you will have the required knowledge, skills and a high level of responsibility, including initiative and responsibility.

Ashok Technology

The Civil Engineering Department of the college was established in 2011 which offers B.Tech and Diploma courses with highly qualified, dedicated and motivated faculty. The courses and programs offered by the department not only impart technical expertise to the students but also give a professional experience.

Organizing Committee

Chief Patron

Dr. S. Jayaram, Chairman
Dr. S. Subramanian, Secretary
Dr. S. Dhanasekaran, Joint Secretary

Patron

Dr. K. S. S. N. Reddy, Principal

Co-Patrons

Dr. M. S. N. Murthy, Director

Convener

Dr. D. N. Srinivasan, Associate Professor
HOD, Department of Civil Engineering

Co-Convener

Mr. E. Ramana Kumar, Assistant Professor
Mr. K. Anitha, Assistant Professor

Program Co-ordinators

Mr. M. Sarathi Sagar, Assistant Professor
Ms. D. Hemalatha, Assistant Professor
Mr. B. Venu Ganti, Assistant Professor
Ms. G. Anitha, Assistant Professor

Technology is impacting the field of construction industry like never before. From cloud based collaboration, 3D Software and the development of digital twins to robots, 3D printing, wearable tech, pollution eating buildings, and even artificial intelligence, an incredible array of developments are helping to improve a sector that shapes how every human being on Earth is able to live their lives. B.VIT 3D or BIM (Building Information Modeling) is one of those top emerging trends in civil engineering and construction technology.

Topics to be covered

Day 1:

• Surveying

Day 2:

• Surveying using block chain technology

Day 3:

- Linking the CAD files
- Interior design & material creation
- Mapping & site visualization
- Walkthrough

* Certificate will be issued for active participants

Technology is impacting the field of construction industry. The major factors from 2D to 3D CAD, BIM, 3D software and the development of digital tools for robots, super-materials, wearable tech, 3D printing using building and even artificial intelligence. An immense array of developments are helping to improve a sector that the one how every human being on earth is able to live their lives. REVIT 3D or BIM (Building Information Modelling) is one of those top emerging trends in the engineering and construction technology.

- * To be conducted
- * Auto cad Revit usage - 50 modeling

* Free to attend will be issued for all the participants

MAHAVEER INSTITUTE OF SCIENCE & TECHNOLOGY

Civil Department

IoT Applications Civil Engineering by SMART HOME INDIA Pvt. Ltd

Date : 28-08-2019 @ 9.30am to 4.30pm

brochure

Mahaveer Institute of Science & Technology (MIST) established in the year 2001 by Mahaveer Educational Society, MIST offering 3 UG programs, 6 PG programs and 3 Diploma courses. As the Institute committed to quality education, MIST aims at providing learning with a technology-edge. Two critical aspects of preparation for success in the workplace are Education and Training so that you will have the required knowledge, skills and a high level of self-motivation including initiative and responsibility.

About Department

The Civil Engineering Department of the college was established in 2001 which offers 2-year and Diploma courses with highly qualified, dedicated and experienced faculty. The course and programmes offered by the department not only employ latest technology but also give a professional experience.

Organizing Committee

Chief Patron
 Mr. S. Jayaram, Chairman
 Mr. S. Suresh Reddy, Secretary
 Mr. S. Channaray Reddy, Joint Secretary

Patron
 Dr. K. S. S. N. Reddy, Principal

Academic Advisor
 Dr. H. S. N. Murthy, Director

Coordinator
 Mr. C. R. Srinivasulu, Associate Professor
 HOD, Department of Civil Engineering

Coordinators
 Mr. S. Padmalini Kumar, Assistant Professor
 Mrs. K. Prithi, Assistant Professor

Program Coordinator
 Mr. A. Sai Kumar, Assistant Professor
 Mr. C. R. Hemant Kumar, Assistant Professor
 Mr. S. Veni Lakshmi, Assistant Professor
 Mr. G. Anand, Assistant Professor

Technology is impacting the field of construction industry like super-materials, wearable tech, pollution-free buildings, and even artificial intelligence. An incredible array of developments are helping to improve a sector that shapes how every human being on Earth is able to live their lives.

Topics to be covered

1. Understanding IoT
2. Interior design & material creation
3. Meeting & site, To surface
4. Walkthrough

* Certificate will be issued for active participants

modeling

About the College:

As an Institute committed to quality education, MIST aims at providing learning with a technology edge. Right from its inception in 2001, it has turning itself to meet this objective. It endeavors to provide consistent training to the students to help them evolve as competent professionals in the highly competitive world. Success now-a-days requires the ability to adjust and get along as a member of working team.

About the Department:

The Civil Engineering Department of the college was established in 2011 which offers B.Tech. and Diploma courses with highly qualified, dedicated and Motivated faculty. The courses and programmes offered by the department not only impart technical expertise to the students but also give a professional experience.

Master of Business Administration (MBA)

ABOUT MIST

As an institute committed to quality education, MIST aims at providing learning with a technology-edge it endeavors to provide consistent training to the students to help them evolve as competent professionals in the highly competitive world. Right from its inception in 2007, it has been tuning itself to meet this objective. A new civilization is emerging in our lives this new civilization brings with it a new way of working millions are already tuning their lives to the rhythms of tomorrow. The technological revolution and the forces of globalization are changing the very functioning of the organizations significantly in recent years. Success nowadays, requires not only the ability to perform according to the requirements of the position, but also the ability to adjust and get along as a member of a working team.

DEPARTMENT OF CIVIL ENGINEERING

Civil Engineering Department was established in the academic year 2011-2012 with an intake of 60 B.Tech. We are conducting workshops & seminars on projects, publications, conferences and international work shops, with degree holders and post graduate holders. We are also providing information & registration details.

One-Day National Workshop

On

"Fundamentals of Engineering Core-Physics"
(12 March 2020)

ABOUT WORKSHOP

This workshop will focus on recent advances in geophysical exploration recognizing the role of geoscience & engineering in the field of infrastructure development. It will cover various aspects pertaining to seismic method in which we get answers about earth and subsurface deep stability, deep excavations, advances in shallow and deep foundations, stability analysis. The main objective is to create common platform where experienced researchers, practicing engineers could promote the latest trends, development of design awareness and interaction. It also aims an interaction between academia/industry. Invited speakers will be presenting new trends practices in geoscience & Engineering.

WORKSHOP THEMES

The proposed workshop will focus on

- Seismicity in Metro
- Seismic Method
- Seismic Method
- Seismic Method
- Geotechnical Engineering Method
- Geotechnical Engineering Method
- Geotechnical Engineering Method
- Geotechnical Engineering Method

OUTCOME OF THE WORKSHOP

This workshop will be beneficial to Academicians, Researchers, Practising engineers and students.

RESOURCE PERSONS

Resource persons are from Geological

Survey of India, Training Institute Dept

1. Dr. S. Rangarajulu

Senior Geo-Physicist, GSI, Hyd

2. M. Lakshmi, Senior Geo-Physicist, GSI, Hyd

Eligibility

Participants will be the Faculty, Research scholars, PG and UG students of Civil Engineering and those working in interdisciplinary areas of research.

Registration Fee

• Faculty & Research scholars: Rs. 1999/-

• UG & PG students: Rs. 500/-

(Approved by AICTE. Affiliated to JNTU, Hyd)
Vyasapur, Bandlaguda, Post: Keshavgiri, Hyderabad - 500 005

1. YEAR:-2017-18

ACTIVITY NAME : 3days national level workshop on ADVANCED SURVEYING
TECHNIQUES ON TOTAL STATION mahaveer instistute of science and technology .civil
department

2. Title: ADVANCED SURVEYING TECHNIQUES ON TOTAL STATION

3. date time: from 27-03-2018 to 29-03-2018

4. name of the organizing department: Civil engineering

5. name of the co-Organization:

6. Name of the Designation of Resource person:

DAY-1:

Total Station Field Data to Computer

Plotting Survey Data in AutoCAD

DAY-2:

Area Calculations

CAD Drawings

DAY-3:

Angle Mesurements

Distance Mesurement

Co-Oridinate Mesurement

7. workshop summery: Main purpose of workshop was to make students aware of Modern surveying instruments as they have subject of Advanced surveying in their academics. Total station is advanced surveying instrument and largely used in field of civil engineering. Workshop on total station can give them practical operational exposure by experts

8. number of participants:56

ORGANIZING COMMITTEE

Chief Patrons

Smt. S. Jayalaxmi, Chairman
Sri. S. Surendar Reddy, Secretary
Sri S. Dhanunjay Reddy, Joint Secretary

Patron

Dr. K.S.S.S.N. Reddy, Principal
Academic Advisor

Dr. H.S.N. Murthy, Director
Convener

Mr. CH. Swethamber, Associate Professor,
HOD, Department of Civil Engineering
Co-convener

Mr. B. Ramana Kumar, Assistant Professor
Mrs. K. Jyothi, Assistant Professor

Program Coordinators:

Mr. M. Sai Kumar Sagar, Assistant
Professor

Ms. CH. Hemalatha, Assistant Professor
Ms. B. Yara Laxmi, Assistant Professor
Ms. G. Aruna, Assistant Professor

ABOUT THE WORKSHOP

This workshop aims to provide the thorough knowledge in total station. Total station is one of the advanced techniques in surveying which is most commonly used to measure both length and the angles. This workshop gives training in total station which will be most helpful for the Students, Faculty, Industrialists and Research scholars to enrich their knowledge in the field of surveying.

ABOUT THE COLLEGE

Mahaveer Institute of Science & Technology (MIIST) established in the year 2001 by Mahaveer Educational Society. MIIST offering 3 UG programs, 6 PG programs and 3 Diploma courses. As an institute committed to quality education, MIIST aims at providing learning with technology edge. Two critical aspects of preparation for success in the workplace are Education and Training, so that you will have the required knowledge, skills and a high level of self-motivation including initiative and responsibility.

ABOUT THE DEPARTMENT

The Civil Engineering Department of the college was established in 2011 which offers B.Tech and Diploma courses with highly qualified, dedicated and motivated faculty. The courses and programmes offered by the department not only impart technical expertise to the students but also give a professional experience.

DISCUSSION TOPICS

- Advantages of Total Station
- Applications of Total Station
- Real time use in Construction Industry
- Hands on Training on Total Station

who can participate:

all colleges civil engineering Students and Various
College Principals

3 Day's Workshop on

SURVEYING TECHNIQUES IN TOTAL
STATION

27.3 to 29.3, 2018

Convener

1.YEAR:-2017-18

ACTIVITY NAME : ONE DAY WORK SHOP on AUTO CAD CIVIL ENGINEERING
DEPARTMENT at Mahaveer institute of science and technology ,

2. Title: ONE DAY WORK SHOP on AUTO CAD

3. date time: 24/10/2017/9.30 am to 1.00 pm

4. name of the organizing department: Civil engineering

5. name of the co-organization: CANTER CADD

6. Name of the Designation of Resource person: Mr.K.NARESH KUMAR trainer

7. workshop summary: Computers have influenced every sphere of our lives in one way or other. Computer is helping to design, analyze and manufacture the product with a short span of time. AutoCAD is a software application for 2D and 3D computer-aided design (CAD) and drafting. It is being used in wide range of computer based tools that assist engineers, architects and other design professionals in their design activities. It is most widely used tool by Civil .

Vyasapur, Bandlaguda, Post: Keshavgiri, Hyderabad - 500 005

1. YEAR:-2017-18

ACTIVITY NAME : ONE DAY WORK SHOP ON CONSTRUCTION MANAGEMENT IN CIVIL ENGINEERING DEPARTMENT mahaveer instistute of science and technology ,civil department

2. Title: CONSTRUCTION MANAGEMENT

3. date time: 25-10-2017 / 10.00 am to 1.00 pm

4. name of the organizing department: Civil engineering

5. name of the co-organization: Adithya construction company

6. Name of the Designation of Resource person: Mr.M.Kishore

session:

- Construction Project Management
 - Introduction
 - Project Life Cycle
- Organizational Structures
- Network Analysis
 - Relationships and Logic
 - PDM
 - Critical Path Method

7. workshop summery: onstruction industry is one of the largest industries in the world, and one that has the highest stakes. Construction project management is the art of undertaking a construction project to meet its cost, time and quality deadlines in a sustainable way.

This interactive workshop accompanied with actual case studies introduces Civil Engineering students to the management techniques involved over the complete timeline of a construction project, exposing them to the various roles of a construction project manager

ABOUT MIST

As an institute committed to quality education, MIST aims at providing learning with a technology-edge. It endeavors to provide consistent training to the students to help them evolve as competent professionals in the highly competitive world. Right from its inception in 2001, it has been tuning itself to meet this objective. A new civilization is emerging in our lives; this new civilization brings with it a new way of working; millions are already tuning their lives to the rhythm of tomorrow. The technological revolution and the forces of globalization are changing the very functioning of the organizations significantly in recent years. Success nowadays, requires not only the ability to perform according to the requirements of the position, but also the ability to adjust and get along as a member of a working team.

DEPARTMENT OF CIVIL ENGINEERING

Civil Engineering Department was established in the academic year 2011-2012 with an intake of 60 B.Tech. We are conducting workshops & seminars on revit, autocad, primavera & staad pro softwares. We are interacting with diverse fields of civil engineering i.e. geophysical, geological, structures & geo-technical engineering.

ABOUT WORKSHOP:

Autodesk Revit Architecture software is built to work the way architects and designers think about building. Work naturally, design freely, and deliver efficiently within one environment. Autodesk Revit Architecture provides and presents every schedule, drawing sheet, 2D view, and 3D view from a single foundational database, automatically coordinating changes across all facets and presentations as your project develops and evolves. Architecture is a competitive environment, and the purpose of any technology is to allow us to make the best use of the skills and experience of our professional staff. Autodesk Revit Architecture eliminates many tedious tasks, and our staff members are very enthusiastic about using it.

Address for Correspondence:
Department of Civil Engineering,

About MIST

As an Institute committed to quality education, MIST aims at providing learning with a technology-edge. It endeavors to provide consistent training to its students to help them evolve as competent professionals in the highly competitive world. Right from its inception in 2001, it has been tuning itself to meet this objective.

A new civilization is emerging in our lives. This new civilization brings with it a new way of working. Millions are already tuning their lives to the rhythms of tomorrow.

The technological revolution and the forces of globalization are changing the very functioning of the organizations significantly in recent years.

Success nowadays, requires not only the ability to perform according to the requirements of the position, but also the ability to adjust and get along as a member of a working team. Two critical aspects of preparation for success in the workplace are Education and Training, so that you will have the required knowledge, skills and a high level of self-motivation including initiative and responsibility..

Vision

To be a centre of excellence in technical education with research orientation and to develop human resources to serve the society and nation building.

Mission

To provide comprehensive technical education programmes in various disciplines and to contribute effectively to the profession and the society.

Establishing centre of excellence in inter disciplinary areas which are important and relevant to industry and employment with scope for research.

ABOUT AERONAUTICAL DEPARTMENT

The Aeronautical Engineering Department came into existence at this Institute during the year 2011. Presently, the Institute offers only the undergraduate programme i.e. B.Tech in Aeronautical Engineering. Aeronautical Engg is an advanced, multidisciplinary branch of engineering that encompasses technologies from mechanical engg, civil engg, metallurgical engg, electrical engg, electronics and telecommunications engg, computer science and engg, material science, pure sciences etc. In a broader sense it is widely referred as 'Aerospace engineering' as it includes not just the aircraft technology but also the missile systems, space vehicles, unmanned aerial vehicles, space ships, aerostats, satellite systems etc.

A graduate in Aeronautical Engineering has vast Job Potential not only in India but also in America and the European nations and offers excellent pay packages to the deserving job aspirants. Specifically in India, the B.Tech./M.Tech.'s in Aeronautical Engineering can be hired by following Institutions/companies/Firms : HAL, NAL, DRDO, Rockwell Collins India Ltd, much more.

Further, the students will be exposed to a large spectrum of advanced technologies and processes while undergoing B.Tech. Course at this Institute in the form of visits to premiere aerospace labs, field units at Indian Air Force Bases, AAI, the DRDO Labs, BDL etc.

The department has initiated the process of

About the Faculty Development Programme

The Internet of Things (IoT) is aimed at enabling the interconnection and integration of the physical world and the cyber space. It represents the trend of future networking, and leads the third wave of the IT industry revolution.

Major Topics

- Introduction to IoT
- Arduino and its Programming
- Interfacing sensors and actuators to Arduino
- Introduction to Internet of Things (IoT)
- Wireless communication technologies and protocols for IoT
- Implementing IoT with Arduino
- Introduction to Raspberry Pi
- Programming RaspberryPi with Python
- Implementing IoT with RaspberryPi.
- Zigbee and IOT based systems
- Applications of IoT - Case Studies, Applications of IoT in electrical
- energy storage, IoT based smart Industries and factories, IoT based Smart Grid, Smart Cities and Public Places
- Introduction to Green Energy, and Applications
- Roll of IoT in Greening urbanization and urban settlements

Who can attend?

Faculty members from Universities / Engineering colleges, Professionals from Industries, Utility and R&D Organizations can attend this faculty development programme.

Resource Persons

The sessions will be led by invited experts from Utilities/ Industries, Research Institutions and experienced MIST faculty members.

Handwritten: Bangalore, H.No-500 005.

Selection

Selection will be on first-come-first served basis. The number of participants for the FDP is limited to 30. Candidate selection will be intimated through Email on or before 10.06.2019

FDP detail year: 2017-18

Activity Name: Faculty Development Programme (five Days)

Title Name: IOT Applications in Green Energy Systems

Date of Event: June 11-15, 2018.

Name of Organizing Department: Aeronautical Engineering

Name of coordinators: R RANGAREDDY Assistant Professor
G RAJESH KUMAR Assistant Professor

Name & Designation of Resource Person: Dr SR Dinesh Kumar.

Sessions: First session: 10:00 A.M TO 12:00 P.M

Second session: 02:00 to 04:00 PM

About the FDP: The Internet of Things (IoT) is aimed at enabling the interconnection and integration of the physical world and the cyber space. It represents the trend of future networking, and leads the third wave of the IT industry revolution

Respected sir

I would like to request for your permission and support to conduct four days Faculty development Programme on "IOT Applications In Green Energy Systems "The schedule for the Seminar will be **June 11-15, 2018**. It will be important for all faculties in the Department to attend the students to enhance teaching. In addition, the FDP will ensure that information delivered to students is standardized.

Your consideration will be highly appreciated. I look forward to hearing from you.

Thanking you sir,

HOD

About MIST

As an Institute committed to quality education, MIST aims at providing learning with a technology-edge. It endeavors to provide consistent training to its students to help them evolve as competent professionals in the highly competitive world. Right from its inception in 2001, it has been tuning itself to meet this objective.

A new civilization is emerging in our lives. This new civilization brings with it a new way of working. Millions are already tuning their lives to the rhythms of tomorrow.

The technological revolution and the forces of globalization are changing the very functioning of the organizations significantly in recent years.

Success nowadays, requires not only the ability to perform according to the requirements of the position, but also the ability to adjust and get along as a member of a working team. Two critical aspects of preparation for success in the workplace are Education and Training, so that you will have the required knowledge, skills and a high level of self-motivation including initiative and responsibility..

Vision

To be a centre of excellence in technical education with research orientation and to develop human resources to serve the society and nation building.

Mission

To provide comprehensive technical education programmes in various disciplines and to contribute effectively to the profession and the society.

Establishing centre of excellence in inter disciplinary areas which are important and relevant to industry and employment with scope for research.

ABOUT AERONAUTICAL DEPARTMENT

The Aeronautical Engineering Department came into existence at this Institute during the year 2011. Presently, the Institute offers only the undergraduate programme i.e. B.Tech in Aeronautical Engineering . Aeronautical Engg is an advanced, multidisciplinary branch of engineering that encompasses technologies from mechanical engg, civil engg, metallurgical engg ,electrical engg, electronics and telecommunications engg ,computer science and engg, material science ,pure sciences etc. In a broader sense it is widely referred as ' Aerospace engineering' as it includes not just the aircraft technology but also the missile systems, space vehicles, unmanned aerial vehicles, space ships, aerostats, satellite systems etc.

A graduate in Aeronautical Engineering has vast Job Potential not only in India but also in America and the European nations and offers excellent pay packages to the deserving job aspirants. Specifically in India, the B.Tech. /M.Tech.'s in Aeronautical Engineering can be hired by following Institutions/companies/Firms :HAL, NAL, DRDO, Rockwell Collins India Ltd, much more.

Further, the students will be exposed to a large spectrum of advanced technologies and processes while undergoing B.Tech. Course at this Institute in the form of visits to premiere aerospace labs, field units at Indian Air Force Bases, AAI, the DRDO Labs, BDL etc.

The department has initiated the process of

About the Faculty Development Programme

The objective of this Faculty Development Program is to explore various multi-objective optimization techniques and their recent applications in industries and academia for research, quality improvement and offline quality control of any product or process. The focus of the program will be on the Indian Infrastructure includes manufacturing, HVAC, transportation etc. This program will also discuss theoretical and practical aspects, which are of interest for practicing engineers, academic personnel, research scholars and PG level students. This FDP is intended to promote the application potential of recently developed optimization methods through hands-on practice sessions. The FDP has been premeditated in such a way that it can satisfy the needs of academicians, research scholars and industrial personnel in carrying out their research work within the scope of this domain.

Major Topics

- Module 1: Basic Method of DOE
- Module 2: Hands-on sessions on DOE
- Module 3: Modern Evolutionary Optimization Methods (viz. Genetic algorithm, Neural network, Teaching Learning based Optimization, Particle Swarm Optimization, Simulated Annealing, Nature Inspired Algorithms, JAYA Algorithm, etc.)
- Module 4: MCDM Methods (viz. MOORA, TOPSIS, VIKOR, AHP, PROMETHEE etc.)
- Module 5: Hybrid MCDM Methods (viz. Fuzzy MOORA, Fuzzy TOPSIS, Fuzzy VIKOR etc.)

Who can attend:

Faculty members from Universities/Engineering colleges, Professionals from Industries, Utility and R&D Organizations can attend this faculty development programme.

Resource Persons

The sessions will be conducted by invited experts from Utilities/ Industries/ Research Institutions and experienced MIST faculty members.

Selection

Selection will be on first-come-first served basis. The number of participants for the FDP is limited to 30.

About the College

Mahaveer Institute of Science & Technology (MIST) established in the year 2001 by Mahaveer Educational Society. MIST offering 8 UG programs, 6 PG programs, and 5 Diploma courses. As an institute committed to quality education, MIST aims at providing learning with a technology-edge. Two critical aspects of preparation for success in the workplace are Education and Training, so that you will have the required knowledge, skills and a high level of self-motivation including initiative and responsibility.

About Department

The AERONAUTICAL department established with B.Tech. program. The department mission is to make innovative thinking Engineers and to produce skilled Aeronautical Engineers. The department encourages the faculty members and the students to participate Paper Presentations, Seminars, Workshops, National and International Conferences and Research Activities.

Organizing Committee

Chief Patrons

Smt. S. Jayalaxmi, Chairman
Sri. S. Surender Reddy, Secretary
Sri S. Dhanunjay Reddy, Joint Secretary

Patron

Dr. K.S.S.S.N. Reddy, Principal

Academic Advisor

Dr. H.S.N. Murthy, Director

Convener

Sri.G.V.K.Shannukh dev., Professor, HoD

Co-convener

Dr SR Dhinesh Kumar, Professor

Program Coordinators

Mr. N Mahesh, Assistant Professor
Ms. R.Rajender, Assistant Professor
Mr. M. thirupathiah, Assistant Professor

Objective of FDP

Promote growth and help Indian economy; many benefits are being given to entrepreneurs establishing startups. Focus is on right kind of orientation to participants to strengthen knowledge on startups with basic concepts and practical approach to set up their own enterprise.

Topics to be covered

Day 1:

- Achievement motivation
- Concept of entrepreneurs, enterprise and entrepreneurship
- Prospects of developing entrepreneurship, particularly science and technology

Day 2:

- Identification and selection of potential entrepreneurs
- Individual counseling techniques

Day 3:

- Business opportunity guidance. Techniques to select suitable projects

Day 4:

- Project identification, formulation and appraisal
- Market survey techniques and tools of market survey
- Role of promotional, financial and regulating agencies for promotion of MSME I
- Principle of management and marketing management

Day 5:

- Book keeping and accounting procedure
- Exposure to small enterprise
- Faculty members of university / engineering / management / science college as well as faculty of polytechnic who wish to become the motivator, trainer and facilitator of entrepreneurship

*** E-certificate will be issued for active participants**

As an Institute committed to quality education, MIST aims at providing learning with a technology-edge. It endeavors to provide consistent training to its students to help them evolve as competent professionals in the highly competitive world. Right from its inception in 2001, it has been tuning itself to meet this objective.

A new civilization is emerging in our lives. This new civilization brings with it a new way of working. Millions are already tuning their lives to the rhythms of tomorrow.

The technological revolution and the forces of globalization are changing the very functioning of the organizations significantly in recent years.

Success nowadays, requires not only the ability to perform according to the requirements of the position, but also the ability to adjust and get along as a member of a working team. Two critical aspects of preparation for success in the workplace are Education and Training, so that you will have the required knowledge, skills and a high level of self-motivation including initiative and responsibility..

Vision

To be a centre of excellence in technical education with research orientation and to develop human resources to serve the society and nation building.

Mission

To provide comprehensive technical education programmes in various disciplines and to contribute effectively to the profession and the society.

Establishing centre of excellence in inter disciplinary areas which are important and relevant to industry and employment with scope for research.

ABOUT AERONAUTICAL DEPARTMENT

The Aeronautical Engineering Department came into existence at this Institute during the year 2011. Presently, the Institute offers only the undergraduate programme i.e. B.Tech in Aeronautical Engineering. Aeronautical Engg is an advanced, multidisciplinary branch of engineering that encompasses technologies from mechanical engg, civil engg, metallurgical engg, electrical engg, electronics and telecommunications engg, computer science and engg, material science, pure sciences etc. In a broader sense it is widely referred as 'Aerospace engineering' as it includes not just the aircraft technology but also the missile systems, space vehicles, unmanned aerial vehicles, space ships, aerostats, satellite systems etc.

A graduate in Aeronautical Engineering has vast Job Potential not only in India but also in America and the European nations and offers excellent pay packages to the deserving job aspirants. Specifically in India, the B.Tech. /M.Tech.'s in Aeronautical Engineering can be hired by following Institutions/companies/Firms :HAL, NAL, DRDO, Rockwell Collins India Ltd, much more.

Further, the students will be exposed to a large spectrum of advanced technologies and processes while undergoing B.Tech. Course at this Institute in the form of visits to premiere aerospace labs, field units at Indian Air Force Bases, AAI, the DRDO Labs, BDL etc.

The department has initiated the process of

About the Faculty Development Programme

The HAL Tejas Mark 2, or Medium Weight Fighter (MWF), is an Indian single-engine, canard **delta wing**, Multirole combat aircraft designed by the Aeronautical Development Agency (ADA) in collaboration with Aircraft Research and Design Centre (ARDC) of Hindustan Aeronautics Limited (HAL) for the Indian Air Force (IAF).

This FDP will expose the participants to the recent developments in the area of tejas delta wing

Major Topics

Over view of the programme

Maiden Flight

Designer

Aeronautical Development Agency

Manufacturer

Hindustan Aeronautics Limited (HAL)

Who can attend?

Faculty members from Universities / Engineering colleges, Professionals from Industries, Utility and R&D Organizations can attend this faculty development programme.

Resource Persons

The sessions will be conducted by invited experts from Utilities/ Industries/ Research Institutions and experienced MIST faculty members.

INSTITUTE OF SCIENCE & TECHNOLOGY
Bansal Institute-500 005
Selection

Selection will be on first-come-first served basis. The number of participants for the FDP is limited to 30. Candidate selection will be intimated through Email on or before 10.06.2019

About the Faculty Development Programme
To provide a platform for interaction with experts of different knowledge domains

To update the faculty members, research scholars and industry professionals about the current ongoing research in the field of manufacturing and related areas.

To make familiar with the latest processes and developments in the manufacturing sector.

Major Topics

Presentation Sessions followed by question and answers from 4.00 PM - 5:30 PM.

Feedback cum attendance link will be shared in the chat box of the platform used at the end of session.

Attending all the Sessions and submitting all the feedbacks by the Participants is mandatory.

A quiz will be conducted on the last day of the FDP consisting questions from all sessions.

e-Certificates will be awarded to all the Participants who attend all the sessions, submit all feedbacks and scores at least 40% in the quiz

Who can attend?

Faculty members from Universities / Engineering colleges. Professionals from Industries. Utility and R&D Organizations can attend this faculty development programme.

Resource Persons

The sessions will be conducted by invited experts from Utilities/ Industries/ Research Institutions and experienced MIST faculty members.

Selection

Selection will be on first-come-first served basis. The number of participants for the FDP is limited to 30. Candidate selection will be intimated through Email on or before 03.012.2016

FDP detail year: 2016-17

Activity Name: Faculty Development Programme (five days)

Title Name: Teaching ethics

Date of Event: June 5 - 9, 2017

Name of Organizing Department: aeronautical Engineering

Name of coordinators: R RANGAREDDY
R RAJENDHER

Name & Designation of Resource Person: Dr. B. Ravi.

Sessions: First session: 10:00 A.M TO 12:00 P.M

Second session: 02:00 to 04:00 PM

About the FDP: The lecturer can provide the photograph or ask students to identify and suggest photographs published in a reputable newspaper of an individual experiencing extreme suffering, such as a victim of war or famine, etc. The lecturer then assigns roles for the students to play and ask students to express the opinions of the person in those roles regarding the publishing of the photograph, e.g. the victim, parents of the victim, a professional photographer seeking permission from the parents to publish the photograph. In their roles, students should express role-appropriate views, ethical concerns and priorities, and suggest what they would do and why.

Mr Raghuvver Assistant Professor

Name & Designation of Resource Person: DR SR Dhinesh kumar.

Sessions: First session: 10:00 A.M TO 12:00 P.M

Second session: 02:00 to 04:00 PM

Workshop Summary:

Aeronautical Engineering is a diverse subject that consists the ability to design & Manufacture everything from mini-scale part to large machines and projects. The objective of the mechanical engineer is to take the product from an idea and publish it. The goal is reached by obtaining A range of skills and knowledge. People who are striving to become Aeronautical Engineer need to comprehend the power and the warm environment that an item, its parties subsystem will experience to outline them for usefulness and the capacity to withstand the power.

BROCHURE

FACULTY DEVELOPMENT PROGRAM (FDP)
ON

June 12-16, 2019

Registration Form

1. Name : _____

2. Qualification : _____

3. Organisation : **Industry / Institute**

4. Designation : _____

4. Department : _____

5. Name of the organization : _____

6. Category : **Research Scholar / Faculty**

7. Accommodation required : **Yes / No**

8. Email ID : _____

9. Phone No : _____

10. Payment details:

DD Number : _____

Date : _____

Drawn on bank : _____

Amount : _____

Date : _____ Signature of the Candidate

Course Fee
Research scholar/Faculty Members Rs. 500/500

<https://forms.gle/p1VqMefkum1YR1a6>
By using this link you can pay the fee or by offline mode in the college premises itself

How to reach MIST?

1	300	Uppal	Madhapatnam
2	3510	Kott	Shamshabad
3	720	Falubnama	Madhuban Colony
4	300	Rajendra Nagar	Uppal
5	00 / 201	Uppal	Shamshabad
6	908	Secunderabad	Kashavgiri
7	40478	Lingampally (Via Soc-Bad)	Falubnama

Organizing Committee

Chief Patron:
Smt. S. Jayalaxmi, Chairman

Secretary:
Sri. S. Surender Reddy, Secretary

Joint Secretary:
Sri S. Dharmajay Reddy, Joint Secretary

Patron:
Dr. K. S. S. N. Reddy, Principal
Principal Mahaveer Institute Of Science And Technology

Convener:
Mr. A. Rangaroddy (HOD)

Co-ordinator:
Mr. R. Raghavver
Associate Professor

Mr. N. Mahesh
Assistant Professor/AERO(MIST)

TO
The Principal
MIST
Hyderabad

Sub: " Request to conduct a Faculty Development Program –Reg.,"

Respected sir

I would like to request for your permission and support to conduct six days Faculty development Programme on "3D printing "The schedule for the Seminar will be 05-12-2016 to 09-12-2016. It will be important for all faculties in the Department to attend the students to enhance teaching. In addition, the FDP will ensure that information delivered to students is standardized.

Your consideration will be highly appreciated. I look forward to hearing from you.

Thanking you sir,

HOD

Department of Aeronautical Engineering
Mahaveer Institute of Science and Technology

2 INTERNATIONAL CONFERENCE ON RECENT CHALLENGES IN ENGINEERING, MANAGEMENT, SCIENCE AND TECHNOLOGY ICERMST-2021

29th & 30th October 2021

FDP detail year: 2020

Activity Name: CONFERENCE 2

Title Name: 2 INTERNATIONAL CONFERENCE ON RECENT CHALLENGES IN ENGINEERING, MANAGEMENT,
SCIENCE AND TECHNOLOGY

Date of Event: 29th & 30th october 2021

Name of Organizing college : Mahaveer Institute of Science and Technology

Name of coordinators: Dr.Rajender Reddy

Session: 10:00.A.M -1.00.P.M to 2 to 4 pm

Conference Summary :This is international conference organized by Mist college .Many faculty from
various colleges National and International Participated in the Event .

Number Of Participates: 200
