of Institutions, Heads of the departments, teaching and non-teaching members of the institutes and students participated in the programme.

Upa-Yoga helps to overcome physical as well as psychological stress. Upa-Yoga asanas which were taught help us to improve health, for success, to create Joy, Peace and Love in life. The module says that these practices can be followed by anyone above 7 years of age.

Sri.S.Sudharshn Reddy ,Chairman of Mahaveer group of Institutions spoke on this occasion. He stressed upon the introduction of Yoga practicing in present education system. This will help the students to overcome various problems and improves concentration enabling to succeed in their life. The practices which were in use earlier days should not be avoided and he requested everyone to keep practicing such healthy activities in this stressful environment. He said Mahaveer Group of Institutions will always encourage and promote such healthy programmes.

Activity Name 4 : Covid Volunteers
Activity Date: 25/07/2021

The protection of children and educational facilities is particularly important. Precautions are necessary to prevent the potential spread of COVID-19 in school settings; however, care must also be taken to avoid stigmatizing students and staff who may have been exposed to the virus. It is important to remember that COVID-19 does not differentiate between borders, ethnicities, disability status, age or gender. Education settings should continue to be welcoming, respectful, inclusive, and supportive environments to all. Measures taken by schools and colleges can prevent the entry and spread of COVID-19 by students and staff who may have been exposed to the virus, while minimizing disruption and protecting students and staff from discrimination.
