Registering the system for using VPN Tools

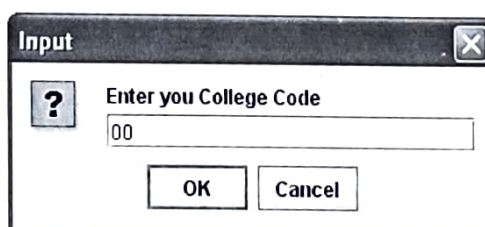

Download the Updated VPN tools from the links provided below

- a) System Registration Tool (SysReg) : <http://intuhedep.com/edep/SysReg.zip>
- b) Paper Decryption Tool (DecTool) : <http://intuhedep.com/edep/DecTool.zip>
- c) Question Paper Viewer (QPViewer) : <http://intuhedep.com/edep/QPViewer.zip>

Step1: Registering the System with SYSREG Tool

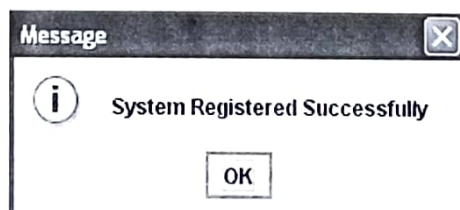

To run the VPN tools , first you need to register the system by executing " SysReg.exe" file which is provided in SysReg folder, then the screen appears as shown

Enter a YOUR College Code and Click "OK "

The screenshot shows a dialog box titled "Input" with a close button (X) in the top right corner. On the left side, there is a question mark icon. The main text reads "Enter you College Code". Below this text is a text input field containing the characters "00". At the bottom of the dialog box, there are two buttons: "OK" and "Cancel".

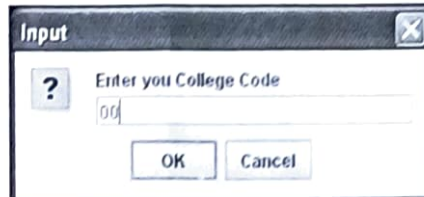

If your college is not registered before you will be getting a message box showing " system Registered successfull." As shown below. **System registration is one time registration only.** No need to register everyday.

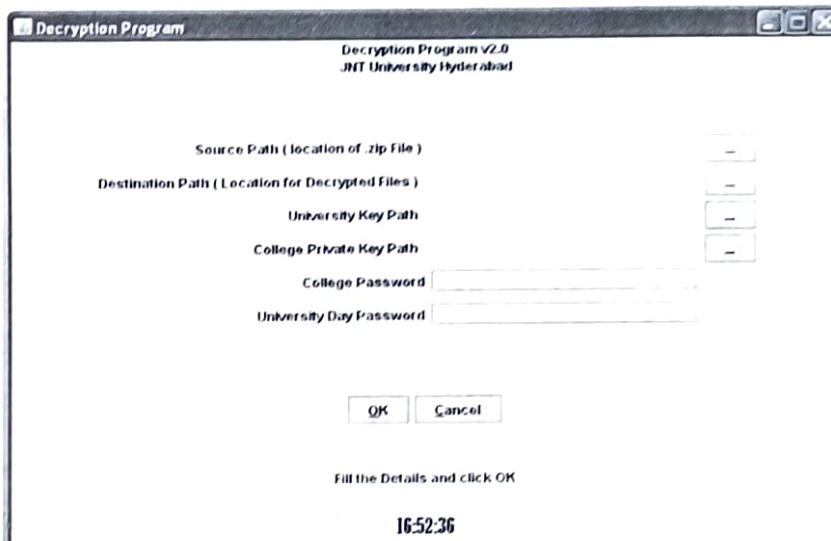

The screenshot shows a message box titled "Message" with a close button (X) in the top right corner. On the left side, there is an information icon (i). The main text reads "System Registered Successfully". At the bottom of the message box, there is a single button labeled "OK".

Step2: Using Decryption Tool:

To use Decryption tool Go to Dectool folder and execute "Dectool .exe" you will be asked to enter the Your College code, give the College code and Click OK as shown below

If the college code is valid then the screen appears as shown below else you will be getting a message box "Please run from actual system."

Source Path: Browse the files downloaded from the examinations portal of the current session of the particular day.

Destination: Choose the folder wherever you want to store decrypted files which will be needed for viewing and printing using the QP Viewer.

University Key Path: . 21002012-jntu.puk key provided to you through the EDEP Portal (this key will be used on regular basis for decryption every day).
