## **FDP ON CLOUD COMPUTING WITH AWS(30/06/2020 TO 4/07/2020)**

Cloud Computing is one of the leading Technology in the current industry requirements for managing of various services which includes creation of virtual machines, storing of data in cloud, managing security permissions, monitoring of various process running in cloud.

### **FDP detail year: 2020**

**Activity Name:** FDP

**Title Name:** CLOUD COMPUTING WITH AWS

**Date of Event:** 30/06/20 TO 04/07/20

**Name of Organizing Department:** Department of Computer Science And Engineering  
&Information Technology

**Name of coordinators:** B. seva naik Asst.Professor

**K.V.B.K. Naga sree ,Asst.professor**

**Name & Designation of Resource Person:** WebTek Technologies

**Session:** 10:00.A.M -12.00.P.M

**Workshop Summary** In this Introduction to Cloud Computing with Amazon Web Services training course, expert author Mark Nunnikhoven will teach you about AWS and how to deploy a web application in AWS. This course is designed for the absolute beginner, meaning no experience with Amazon Web Services is required. You will start by learning about AWS specific concepts, then jump into deploying WordPress on AWS. From there, Mark will teach you how to create a strong foundation, including configuring IAM for deployment and setting up CloudTrail. This video tutorial also covers deploying a secure networking configuration, deploying a server, and deploying a relational database. Finally, you will learn how to implement a backup strategy

**Number Of Participates:** 500

**Document Proof:**Brouchure

### About the College

Mahaveer Institute of Science & Technology (MIST) established in the year 2001 by Mahaveer Educational Society. MIST offering 3 UG programs, 6 PG programs, and 5 Diploma courses. As an institute committed to quality education, MIST aims at providing learning with a technology-edge. Two critical aspects of preparation for success in the workplace are Education and Training, so that you will have the required knowledge, skills and a high level of self-motivation including initiative and responsibility.

### About CSE Department

The CSE department established with B.Tech, M.Tech and Diploma program. The department mission is to make innovative thinking Engineers and to produce skilled software engineers. The department encourages the faculty members and the students to participate Paper Presentations, Seminars, Workshops, National and International Conferences and Research Activities.

### About IT Department

The department of IT was established in the year 2005 and possesses the thirst of knowledge of students effectively which meets the highest level of competency required by the industry. With its experienced faculty members having excellent academic backgrounds, it trains students supplementing classroom lectures with computer aided demonstrations making their learning a rich and rewarding experience.

### Organizing Committee

#### Chief Patron:

Smt. S. Jayashree, Chairman  
 Sri. S. Suresh Reddy, Secretary  
 Sri S. Dhananjay Reddy, Joint Secretary

#### Patron

Dr. K.S.S.N. Reddy, Principal

#### Academic Advisor

Dr. H.S.N. Murthy, Director

#### Convener

Dr. R. Nalkeesam, Professor, HoD.

#### Co-convener

Mr. P. Rajesh, Professor

#### Program Coordinators

Mr. B. Siva Reddy

Assoc. Prof. Dept of CSE

Mr. K. V. R. Narasimha

Assistant Professor Dept of IT

Mr. M. Suresh Reddy, Assistant Professor

#### Collaboration with

### Objective of FDP

Cloud Computing is one of the leading Technology in the current industry requirements for managing of various services which includes creation of virtual machines, storing of data in cloud, managing security permissions, monitoring of various process running in cloud.

### Topics to be covered

#### Day 1:

- Introduction to Cloud Computing.
- Traditional Computing Vs Cloud Computing
- Advantages & Disadvantages.
- Types of services in cloud.
- Types of cloud Computing

#### Day 2:

- Precaution before working with cloud
- AWS Account creation
- Cloud Architecture
- Setting of billing Alarms
- Payment methods to AWS

#### Day 3:

- Working with Elastic Load Balancers. Working with Auto Scaling.
- Creating a Wordpress serverless Website

#### Day 4:

- IAM user Authentication.
- MFA Security, Creation of roles.
- Creation of Groups.
- Reviewing of policies.
- Attachment of policies to different users and Groups

#### Day 5:

- Introduction to S3.
- Creation of Buckets and Uploading of Content inside the Bucket.
- Setting of Access Policies.
- S3 Versioning.
- S3 Cross Region Replication policy.
- Life Cycle management
- Registering Domain Name with Route 53 Creating A Static Website using Domain Name

\* E-certificate will be issued for active participants

### URL for Free Registration

<https://forms.ejapl1YqNtifkmm3Y8Je6>

### Who can participate

Faculty members of various Universities, Colleges and Industries.

### Contact details

Feel free to ask your queries either by E-Mail:

**FDP on Data science using R (30/06/20 TO 17/06/20)**

A good data scientist is a passionate coder/ Language for a statistician to learn than R. It's a popular skill among Big Data analysts and data scientists most sought after by some of the biggest brands. In addition, R's commercial applications increase by the minute, and companies appreciate its versatility.

**Faculty Development Program detail year: 2020**

**Activity Name:** Faculty Development Program

**Title Name:** Data Science with R Programming

**Date of Event:** 12/06/20 TO 17/06/20

**Name of Organizing Department:** Department of Computer Science And Engineering  
&Information Technology

**Name of coordinators:** S. Sreenivas Assistant Professor

V.Naresh Kumar Reddy Assistant Professor

**Name & Designation of Resource Person:** WebTek Technologies

**Session:** 10:00 A .M - 12.00 P.M

**Workshop Summary:** Today, data is at the heart of every successful organization, with data professionals playing a pivotal role in business decisions. The World Economic Forum predicts that by 2020, skills will be more important than job titles as the labour market moves towards multi-faceted professionals rather than singularly specialised ones. Keeping in mind this growing trend, now is the time to upskill so that the world is your oyster.

To help you learn the skills required to be successful in a data-driven world, IIM Kozhikode has launched . This programme is designed for professionals from any domain looking to advance their careers. It will provide you with skills that will give you an insight into modern data science practices.

**Number Of Participates:** 675

#### About the college:

As an Institute committed to quality education, MIST aims at providing learning with a Technology-edge. It endeavors to provide consistent training to its students to help them evolve as competent professionals in the highly competitive world. Right from its inception in 2001, it has been tuning itself to meet this objective. A new civilization is emerging in our lives. This new civilization brings with it a new way of working. Millions are already tuning their lives to the rhythms of tomorrow.

#### About CSE & IT Dept:

The Department of CSE & IT quenches the thirst of knowledge of students effectively which meets the highest level of competency required by the industry. With its experienced faculty members having excellent academic backgrounds, it trains students supplementing classroom lectures with computer aided demonstrations making their learning a rich and rewarding experience.

#### Objectives of the FDP:

1. R Programming language and data analysis.
2. To train the participants in accessing data from various domains.
3. To develop confidence as independent R Programmer and Data Analyst.

#### Why Learn R

A good data scientist is a passionate coder/ Language for a statistician to learn than R. It's a popular skill among Big Data analysts and data scientists most sought after by some of the biggest brands. In addition, R's commercial applications increase by the minute, and companies appreciate its versatility.

\* R is cross-platform compatible. R can be run on Windows, Mac OS X and Linux. It can also import data from Microsoft Excel, Microsoft Access, MySQL, SQLite, Oracle and other program.

#### Chief Patrons:

Smt. S. Jayalaxmi Reddy, Chairman  
Sri S. Suresh Reddy, Secretary  
Sri S. Dharmajay Reddy, Joint Secretary

#### Patron:

Dr. K S S S N Reddy, Principal  
Academic Advisor:

Dr. H S N Murthy, Director

#### Topics:

- Day - 1: Introduction to Data Science and R
- Day - 2: R packages for Data Manipulation
- Day - 3: Generating plots in R
- Day - 4: Statistical inference
- Day - 5: Predictive modeling using machine learning in R

#### Who all can Participate:

Faculty of different Universities,  
Colleges & Organizations

#### URL for registration:

<https://forms.gle/Xmi4NwTJGd2eBNpw9>

E - certificate will be issued for active participants

#### Convener:

Dr. A. Nanda Gopal Reddy, Professor,

**3- Day Workshop On Web Design &Development With Php/Mysql (05/03/2020-07/03/2020 )**

The departments of CSE & IT organized a three days National level workshop on **Web Design & Development with PHP/MYSQL**. PHP/MYSQL are the most popular open source database and scripting in the current trend.php is a servers ide scripting language it creates dynamic web pages with customized features. PHP/Mysql development offers fastest economic web development solutions for creating dynamic web applications.

**Title Name:** Web Design &Development with Php/MySQL

**Date of Event:**05/03/2020 TO 07/03/2020

**Name of Organizing Department:** Department of CSE and IT

**Name of coordinators:** K. Giri Babu, Asst. professor,

V. Naresh Kumar Reddy, Asst. professor

**Name of Resource Person:** Mr.R. Jishnu

**Session:** 10:00 A.M TO 12:00 P.M

**Workshop Summary:** Website is the best way for publishing information and branding an organization. So, I have designed the web site on Islamic University, Bangladesh to spread the name and frame of the same globally. For designing the website, I have used HTML and CSS for web designing, PHP and MySQL have been used for developing of this site. In addition, I have taken help from many online web designing and developing tools. In this site information about the CSE department has been given. There is a short portrayal in this website about the university itself, the administrative setup, the department of the university and their faculties academic information and simple database for retrieving result of the students

**Workshop detail year:2020**

**3 Day Workshop On Machine Learning (27/02/2020-29/02/2020)**

We organized A Three-day National Level Hands-on Workshop on Machine Learning. The workshop includes a complete practical approach to the current happening technology of the industry i.e., Machine Learning using Python language. Students will be trained to work on a few real-time data sets during the 3 days of the workshop.

**Activity Name:** Workshop

**Title Name:** Machine Learning

**Date of Event:**27/02/2020 TO 29/02/2020

**Name of Organizing Department:** Department of CSE and IT

**Name of coordinators:** M. Srineevas Reddy, Asst.professor,  
B. Mallaiah, Asst.professor,

**Name of Resource Person:**

**Session:** 10:00 A.M TO 12:00 P.M

**Workshop Summary:** Machine learning (ML) is a type of artificial intelligence (AI) that allows software applications to become more accurate at predicting outcomes without being explicitly programmed to do so. Machine learning algorithms use historical data as input to predict new output values. Machine learning is an application of artificial intelligence (AI) that provides systems the ability to automatically learn and improve from experience without being explicitly programmed. Machine learning focuses on the development of computer programs that can access data and use it to learn for themselves.

**Workshop detail year: 2020**

**Workshop On Angular Js (31/01/2020 T-01/02/2020 )**

CSE & IT departments organized workshops on ANGULAR JS from 31-01-2020 to 01/02/2020. AngularJS is a JavaScript framework developed by Google. It is creating ripples across the industrial circle. Organizations have started rewriting their web postures with angularJS. This is especially true with the Single Page Architecture (SPA); this is revolutionizing the industry due to its primary advantage with mobile related developments.

**Activity Name:** Workshop

**Title Name:** Angular JS

**Date of Event:**31/01/2020 TO 1/02/2020

**Name of Organizing Department:** Department of CSE and IT

**Name of coordinators:** K.sudhakarudu, Asst.professor

V. Naresh kumar Reddy, Asst.professor

**Name & Designation of Resource Person:**Pantek

**Session:** 10:00 A.M TO 12:00 P.M

**Workshop Summary:** AngularJS is a structural framework for dynamic web apps. It lets you use HTML as your template language and lets you extend HTML's syntax to express your application's components clearly and succinctly. AngularJS's data binding and dependency injection eliminate much of the code you would otherwise have to write. Angular is a platform and framework for building single-page client applications using HTML and TypeScript. Angular is written in TypeScript. It implements core and optional functionality as a set of TypeScript libraries that you import into your applications.

**Workshop detail year: 2019**

**Activity Name:** Workshop

**Title Name:** Microsoft Azure

**Date of Event:**19/11/2019

**Name of Organizing Department:** Department of CSE and IT

**Name of coordinators:** B. Seva Naik, Asst .professor,

S. Sreenivas, Asst .professor

**Name & Designation of Resource Person:**Mr. Narender Muthyam

**Session:** 10:00 A.M TO 12:00 P.M

**Workshop Summary:** Microsoft Azure, formerly known as Windows Azure, is Microsoft's public cloud computing platform. It provides a range of cloud services, including compute, analytics, storage and networking. At its core, Azure is a public cloud computing platform—with solutions including Infrastructure as a Service (IaaS), Platform as a Service (PaaS), and Software as a Service (SaaS) that can be used for services such as analytics, virtual computing, storage, networking, and much more. Azure is Microsoft's public cloud platform. Azure offers a large collection of services including platform as a service (PaaS), infrastructure as a service (IaaS), and managed database service capabilities. Azure, like other cloud platforms, relies on a technology known as virtualization.

**FDP detail year: 2019**

**Activity Name:** Faculty Development program

**Title Name:** Internet of Things

**Date of Event:**08/07/2019 TO 09/07/2019

**Name of Organizing Department:** Department of CSE and IT

**Name of coordinators:** K.Giri Babu, Asst.professor,

Mallaiah. Asst.professor,

Name & Designation of Resource Person:Mr. Kalyan kanike

**Session:** 10:00 A.M TO 12:00 P.M

**Workshop Summary:** A thing, in the context of the Internet of things (IoT), is an entity or physical object that has a unique identifier, an embedded system and the ability to transfer data over a network. The goal behind the Internet of things is to have devices that self-report in real-time, improving efficiency and bringing important information to the surface more quickly than a system depending on human intervention. The Internet of Things (IoT) refers to a system of interrelated, internet-connected objects that are able to collect and transfer data over a wireless network without human intervention. The personal or business possibilities are endless.

**Workshop detail year: 2018-2019**

**Activity Name:** Workshop

**Title Name:** Ethical Hacking and Cyber Security

**Date of Event:**04/10/2018 TO 05/10/2018

**Name of Organizing Department:** Department of CSE and IT

**Name of coordinators:** M. Sreenivas Reddy, Asst.professor

V. Naresh Kumar Reddy Asst.professor

**Name & Designation of Resource Person:** Prof.Dr.Selva kumar,HOD IT,Annamalai university

**Session:** 10:00 A.M TO 12:00 P.M

**Workshop Summary:** Ethical Hacking is an authorized practice of bypassing system security to identify potential data breaches and threats in a network. The company that owns the system or network allows Cyber Security engineers to perform such activities in order to test the system's defenses Ethical hacking involves an authorized attempt to gain unauthorized access to a computer system, application, or data. Carrying out an ethical hack involves duplicating strategies and actions of malicious attackers. Also known as “white hats,” ethical hackers are security experts that perform these assessments White hat hacking or ethical hacking is an effective way to combat cyber-attacks, and help organizations and professionals understand the vulnerabilities in a network. If ethical hackers are able to get in, chances are that cyber criminals could as well

**FDP detail year: 2018**

**Activity Name:** Faculty Development Program

**Title Name:** Introduction to Big Data Analytics

**Date of Event:**12/04/2018

**Name of Organizing Department:** Department of CSE and IT

**Name of coordinators:** Jakkeer Hussian, Asst.professor,

Mallaiah, Asst.professor

**Name & Designation of Resource Person:** Mr.S. Shanmughavel trainer manager ICT Academy

**Session:** 10:00 A.M TO 12:00 P.M

**Workshop Summary:** Big data analytics helps businesses and organizations make better decisions by revealing information that would have otherwise been hidden. Meaningful insights about the trends, correlations and patterns that exist within big data can be difficult to extract without vast computing power. Big data analytics is the use of advanced analytic techniques against very large, diverse data sets that include structured, semi-structured and unstructured data, from different sources, and in different sizes from terabytes to zeta bytes.

**Workshop detail year: 2017**

**Activity Name:** Workshop

**Title Name:** Android Application Development

**Date of Event:**23/03/2017 TO 25/03/2017

**Name of Organizing Department:** Department of CSE and IT

**Name of coordinators:** D. Ramana Kumar Associate Professor

S. Sreenivas Assistant Professor

**Name & Designation of Resource Person:**Mr.Md.Shabbir

**Session:** 10:00 A.M TO 12:00 P.M

**Workshop Summary:** Android software development is the process by which applications are created for devices running the Android operating system. Google states that "Android apps can be written using Kotlin, Java, and C++ languages" using the Android software development kit (SDK), while using other languages is also possible. The official language for Android development is Java. Large parts of Android are written in Java and its APIs are designed to be called primarily from Java. It is possible to develop C and C++ app using the Android Native Development Kit (NDK), however it isn't something that Google promotes.

**Number Of Participates :120**

### About the College

As an Institute committed to quality education, MIST aims at providing learning with a Technology- edge. It endeavors to provide constant training to its students to help them evolve as competent professionals in the highly competitive world. Right from its inception in 2001, it has been using itself to meet this objective. A new civilization is emerging on our lives. The universe brags with it a new way of working. Millions are already using their lives to the rhythms of tomorrow.

### About CSE & IT Dept

The Department of CSE & IT equates the firm of knowledge of students effectively which meet the higher level of competency required by the industry. With its experienced faculty members having excellent academic backgrounds, it was always supplementing classroom lectures with computer aided demonstrations making the learning a rich and rewarding experience.

### About the Workshop

Android software development is the process by which applications are created for devices running the Android operating system. "Android apps can be written using Kotlin, Java, and C++ languages" using the Android software development kit (SDK), with using other languages is also possible. All non-JVM languages, such as Go, JavaScript, C, C++ or assembly, need the help of JVM language code, that may be supplied by tool. Many web services API support. Some programming languages and tools allow cross-platform app support (i.e. for both Android and iOS).

**Workshop detail year: 2017**

**Activity Name:** Workshop

**Title Name:** Block chain Technologies

**Date of Event:**05/01/2017

**Name of Organizing Department:** Department of CSE and IT

**Name of coordinators:** D. Ramana Kumar Associate Professor

S. Sreenivas Assistant Professor

**Name & Designation of Resource Person:** Mr. Raghunath

**Session:** 10:00 A.M TO 12:00 P.M

**Workshop Summary:** Blockchain is a system of recording information in a way that makes it difficult or impossible to change, hack, or cheat the system. A blockchain is essentially a digital ledger of transactions that is duplicated and distributed across the entire network of computer systems on the blockchain. Business runs on information. The faster it's received and the more accurate it is, the better. Blockchain is ideal for delivering that information because it provides immediate, shared and completely transparent information stored on an immutable ledger that can be accessed only by permissioned network members. A blockchain network can track orders, payments, accounts, production and much more.

**Number Of Participates : 105**

### About the College

As an Institute committed in quality education, MIST aims at providing learning with a Technology- edge. It endeavors to provide constant training to its students to help them evolve as competent professionals in the highly competitive world. Right from its inception in 2001, it has been working hard to meet this objective. A new civilization is emerging on our horizon. This civilization brings with it a new way of working. Millions are studying their lives to the rhythms of tomorrow.

### About CSE & IT Dept.

The Department of CSE & IT quenches the thirst of knowledge of students efficiently with the highest level of competency required by the industry. With its experienced faculty members having modern academic backgrounds, it trains students supplementing classroom lectures with computer aided demonstrations making their learning a rich and rewarding experience.

### About the Workshop

Block chain is a system of recording information in a way that makes it difficult or impossible to change, hack, or cheat the system.

A block chain is usually a digital ledger of transactions that is duplicated and distributed across the entire network of computer systems on the block chain.

Each block in the chain contains a number of transactions, and every time a new transaction occurs on the block chain, a record of the transaction is added to every participant's ledger.

### **Workshop detail year: 2016**

**Activity Name:** Workshop

**Title Name:** Artificial Intelligence & Machine Learning

**Date of Event:** 22/01/2016

**Name of Organizing Department:** Department of CSE and IT

**Name of coordinators:** D. Ramana Kumar Associate Professor

S. Sreenivas Assistant Professor

**Name & Designation of Resource Person:** Hema sri

**Session:** 10:00 A.M TO 12:00 P.M

**Workshop Summary:** Artificial intelligence is a technology which enables a machine to simulate human behavior. Machine learning is a subset of AI which allows a machine to automatically learn from past data without programming explicitly. The goal of AI is to make a smart computer system like humans to solve complex problems. AI is an automated decision-making system, which continuously learn, adapt, suggest and take actions automatically. At the core, they require algorithms which are able to learn from their experience. This is where Machine Learning comes into the picture.

### About the Workshop

Artificial Intelligence and machine learning are the part of computer science that are correlated with each other. These two technologies are the most trending technologies which are used for creating intelligent systems. Artificial Intelligence is a field of computer science which makes a computer system that can mimic human intelligence. It is comprised of two words "Artificial" and "Intelligence", which means "a human-made thinking power

**Name of Organizing Department:** Department of CSE and IT

**Name of coordinators:** D. Ramana Kumar Associate Professor

S. Sreenivas Assistant Professor

**Name & Designation of Resource Person:** Mr.V.T. Kharat

**Session:** 10:00 A.M TO 12:00 P.M

**Workshop Summary:** The objective of this workshop was to acquaint the participants with the basic principles, developments and research trends in the area of Computer Hardware & Networking. The workshop has covered the perfect combination of theory and practical sessions in the well-balanced manner. This workshop will certainly help students to improve technical skill set and hence employability, and the engineering faculty members to improve teaching methodology and efficiency.
